Answering our questions – Your responsibility

What you need to tell us

Any cover that is offered to you will be based on the completeness and accuracy of the answers that you give us. It is your responsibility to take reasonable care to answer all our questions honestly, accurately, and completely to the best of your knowledge.

Every person to be insured under the Policy has the same responsibility. If you or any person to be insured under the Policy fail in this responsibility when answering questions, this may lead to us having the right to change the terms of the Policy or treat the Policy as if it never existed, reduce a benefit, or deny a claim in full.

This responsibility relates to your duty to take reasonable care not to make a misrepresentation.

If you are unsure about whether you should include information in response to a question, please include it.

Please remember to check over your application responses very carefully. You need to inform us as soon as possible of any errors, omissions, or matters overlooked in your answers to us.

Your duty to take reasonable care not to make a misrepresentation

When applying for insurance, there is a legal duty for you to take reasonable care not to make a misrepresentation to us, the Insurer, before the contract of insurance is entered into. A misrepresentation is a false answer, an answer that is only partially true, or an answer which does not fairly reflect the truth. This duty also applies when extending or making changes to existing insurance, and reinstating insurance.

How do the answers impact my cover and payment of a claim?

Your claim may be denied or may not be paid in full, the Policy may be treated as if it never existed or its terms changed, if before the Policy is issued, extended, varied, or reinstated:

– you (or any other person to be insured under the Policy) do not take reasonable care to answer the questions we ask honestly, accurately, and completely to the best of your knowledge; or

– you (or any other person to be insured under the Policy) do not tell us if you think anything you have previously told us is incorrect or incomplete.

Please note that there may be circumstances where we later investigate whether the information given to us was true and complete. For example, we may do this when a claim is made.

Genetic testing

– You do not need to tell us about any genetic test you have previously had or intend to have unless we specifically ask you.

– You are obliged to inform us of any diagnosis of a medical condition, even if the diagnosis resulted directly or indirectly from a genetic test.

– You may volunteer results of genetic tests where the outcome is favourable.

Changes before your cover starts

Before your cover starts, we may ask about any changes that mean you would now answer our questions differently. As any changes might require further assessment or investigation, it could save time if you let us know about any changes when they happen.

Pre-existing conditions

This Policy is not designed to cover pre-existing conditions except in some circumstances. Refer to chapter 7, section 11 for more information.

Other important things to note

Any Policy issued under this PDS is a consumer insurance contract. As this is a consumer insurance contract, the duty to take reasonable care not to make a misrepresentation to an insurer applies. To understand what this means for you, please refer to “Answering our questions – Your responsibility” on page 3.

As you read through this PDS, you will notice that some words are in italics. These words have a particular meaning which can be found in chapter 9, comprising the defined term in bold followed by the definitional wording.

As you would expect in an insurance document, you’ll also find quite a few medical terms. These are explained in chapter 8.

Please read the important information on level and stepped premiums in the ‘Paying for your insurance’ section.

There are certain restrictions on the type of Policies and benefits that can be held inside superannuation. In this PDS, these are denoted as:

- **NS** not available for Policies and benefits held inside superannuation.
- **S+** not available for Policies and benefits held inside superannuation. If you wish to access these benefits, you must hold a Flexible Linking Plus or Income Linking Plus Policy in addition to your Policies held inside superannuation.

Features of your Policy

Guaranteed renewable
We won’t cancel your insurance before the end of the term specified provided you keep paying the premiums when they are due – even if there is a change in the Insured Person’s health, occupation or pastimes.

Guaranteed upgrades
Should better features and benefits become available in the future which don’t result in an increase in premium, we will automatically upgrade your Policy. At claim time, we will always give you the best terms applicable to your Policy, from the time of commencement to the date of a sickness or injury.

Worldwide cover — 24 hours a day
We will provide you with full coverage anytime, anywhere in the world.

Loyalty Benefit
To reward your loyalty, after you have held your Policy for 3 years (from the commencement date), we will add an extra 5% of your sum insured to any Death Benefit, TPD Benefit, Living Benefit or Children’s Benefit amount payable at the time of claim, without additional charge.

For Income Protection, Income Protection as Superannuation, Income Protection Plus, Business Overheads and Key Person Income, after you have held your Policy for 3 years (from the commencement date), we will add a Death Benefit of $50,000 to your Policy without additional charge. The loyalty benefit is not available on Income Protection Assured, Income Protection as Superannuation or Business Overheads Assured policies.

For more information see chapter 2, section 7 and chapter 3, section 14.

Premium Holiday
If your Policy has been in force and the premiums paid for at least 6 months, we will allow you to suspend your Policy for up to 12 months in certain circumstances of financial hardship. For more information see chapter 2, section 8 and chapter 3, section 15.

CPI increases
To help the value of your benefits keep up with the cost of living, we will automatically increase the amount of certain benefits each year on your review date in line with CPI.

For more information on the own occupation IP, home duties IP and general cover IP definitions, please see chapter 3.

From the review date following the Insured Person’s 61st birthday CPI for Income Protection Assured and Income Protection Assured as Superannuation will no longer apply.

You may decline a CPI increase in any year by advising us within 30 days of the review date. You may also request that CPI increases never apply again.

If you wish to restart the CPI increases at a later date, please contact us.

Multi-Policy discount
If the Insured Person is covered by multiple eligible BT Protection Plans Policies, you will receive a multi-policy premium discount of 5% on all Protection Plans premiums applicable to the Insured Person (excluding policy fee and stamp duty).

Platform Investment and Platform Super discount
If you pay your benefit premiums through a Platform Investment or Platform Super account, you will receive a 10% premium discount for those premiums.
Paying for your insurance

The cost of your insurance includes the premium and other fees and charges, such as the policy fee and stamp duty. For more information on your premiums, fees and charges, please see the “Premiums and charges” section in chapter 7.

Your premium options

Stepped premium

Your premium is calculated each year and will change based on the Insured Person’s age and the sum insured at the review date. The premium will generally increase every year.

Level premium

Level premiums are not guaranteed to stay flat for the life of the Policy, and there is a real chance they may increase in the future. We can increase level premiums if:

– we decide to increase our premiums for a group of similar policies, for example if we get more claims than expected, or
– the sum insured increases (including CPI increases), or
– the policy fee increases.

Your premium is calculated based on an age–based premium rate determined at the commencement of the cover. If there is an increase to your sum insured due to CPI increases or because you have requested to change your sum insured, the premium for the increased portion of cover will be calculated based on the Insured Person’s age at the time of the increase. Your premium may also be recalculated based on the Insured Person’s current age if you request a variation to your Policy.

Unless we need to change premium rates for reasons described in the ‘Changes in premium rates due to a review’ section, this rate will apply until the review date following the Insured Person’s 55th birthday (for a ‘Level 55’ premium structure) or 65th birthday (for a ‘Level 65’ premium structure). After this time, stepped premiums will apply, which means your premium will increase each year in line with your age, possibly significantly with the first increase.

Changes in premium rates due to a review

To preserve the sustainability of our products, we regularly review our premium rates for stepped and level premium policies and make changes if needed. For instance, we may need to increase our premiums if we are paying more claims than we expected to pay, or if the economic conditions worsen, or if we need to adhere to directives from government regulatory bodies. Likewise, premium rates may also decrease following a review. Our review of premium rates for stepped and level premium policies may take into account other factors which include, but are not limited to, operating expenses, the cost of reinsurance and capital requirements. These premium rate changes will not be calculated on an individual basis, rather, a change would relate to an entire group such as occupation category, product type or optional benefits. Any changes will be made consistently across each group impacted.

When your premium will change

For new policies, your premium rates are guaranteed for at least two (2) years from the ‘Policy Risk Commencement Date’ for the initial sum insured, subject to the conditions outlined below.

For both stepped and level premiums, including within the first two (2) years of cover, your premiums will change if:

– there is a change to your sum insured due to CPI increases, or because you have requested to change your sum insured;
– there is a change due to an increase in your age (for level premiums, this relates to CPI increases only);
– there is a change to the premium discounts and/or loadings on your Policy; or
– you vary your Policy, including changing your premium frequency.

If you make amendments to your existing Policy, including increasing or decreasing your sum insured, the rate guarantee will continue to apply to your new premium as per the conditions above, but only for the remainder of the two (2) year period starting from the Policy’s original ‘Policy Risk Commencement Date’.

After your 2nd review date we may change the premium rates or discount factors applicable to your Policy, for both stepped and level premiums. You will be provided at least 30 days notice prior to an increase to your premium rates. You will be notified of any other changes to your premium in accordance with the law.

You can contact us to request information on your premium, or to request a quote for the premium that will apply after a variation to your Policy.

Your payment options

For all Policies, the Policy Owner is responsible for paying the premiums.

The table below sets out the premium payment options. The ownership structure you have selected will determine the payment options available to you.

1 Income Protection Assured, Income Protection, Income Protection Plus, Business Overheads Assured and Business Overheads Policies must be owned by the Insured Person or a trust/business entity that the Insured Person has direct control of (eg the Insured Person is the trustee of the trust, or the partner or director of a business entity). A Key Person Income Policy must be owned by the business entity of which the key person has a share of ownership, or is employed by.

2 Standalone TPD is not available through Retirement Wrap.

3 If Income Protection Plus is selected, the core benefits which are consistent with a superannuation condition of release will be held under a Policy inside superannuation, and the other benefits under an Income Linking Plus Policy held outside superannuation (see "Super Plus IP Benefit", chapter 3, section 30). General cover IP is only available in Policies held through an SMSF or Platform Super if the Insured Person is gainfully employed at the time you apply for cover. General cover IP is not available through Retirement Wrap.

Please note:

- We allow up to five Policy Owners on Term Life, Standalone TPD and Standalone Living Insurance Policies held outside superannuation. Each Policy Owner will jointly own the Policy. In the event a Policy Owner of a Policy with joint ownership dies, the ownership of the Policy automatically goes to the surviving Policy Owners. If all Policy Owners have died, the owner of the Policy will become the estate of the last surviving Policy Owner.
- TPD and/or Living benefits may be structured as additional benefits under a Term Life or Term Life as Superannuation Policy. This may be under the same or different ownership option. Please refer to page 12 for further information.
- If Income Linking Plus has been selected together with Income Protection you will have equivalent cover to that provided by Income Protection Plus.
- Policies held through Retirement Wrap are called Term Life as Superannuation, Income Protection Assured as Superannuation and Income Protection as Superannuation.

There are restrictions and limitations on the type of cover that can be held inside superannuation, and on the terms and conditions of those Policies, as the payment of insurance benefits from a superannuation fund is governed by superannuation law.

The trustee of the superannuation fund can only provide a benefit to the Insured Person if the insured event is consistent with a condition of release under superannuation law. In the event of a claim, the trustee can only release benefits to the Insured Person if they meet a superannuation condition of release.

For more information on the superannuation conditions of release, see chapter 7, section 10.
Policy structures

This section explains the Policy structures available under BT Protection Plans.

You can structure cover for an Insured Person in the following ways:

1. Stand-alone or individual Policies

The benefits paid will not affect the sum insured under any other Policy (unless we have stated otherwise).

2. Additional benefits under the same Policy

TPD and Living Benefits can be structured as additional benefits under a Term Life or Term Life as Superannuation Policy. The benefits paid will reduce the sum insured of all benefits held under the same Policy, and all benefits held under a linked Flexible Linking Plus Policy.

3. Linked Policies inside and outside superannuation

Flexible Linking Plus and Income Linking Plus allows you to link benefits under two Policies held inside and outside superannuation. The benefits (or the portion of a benefit) which are consistent with the superannuation conditions of release will be held under a Policy with ownership inside superannuation. The remaining benefits (or the remaining portion of a benefit) will be held outside superannuation under the Flexible Linking Plus or Income Linking Plus Policy.

**Flexible Linking Plus**

Benefits which are not consistent with a superannuation condition of release (such as TPD Benefit with own occupation TPD definition and Living Benefit) will be held under a Policy outside superannuation (referred to as the Flexible Linking Plus Policy) and linked to a Policy inside superannuation. The following diagram is an example of how you can link TPD and/or Living Benefits under a Flexible Linking Plus Policy held outside superannuation, to a Term Life Policy inside superannuation.

**Super Plus TPD Benefit**

The Super Plus TPD benefit allows own occupation TPD to be held outside superannuation. The portion of the TPD Benefit which is consistent with a superannuation condition of release is held under a Policy inside superannuation, and the remainder of the TPD Benefit is held under a Policy outside superannuation. For more information on the Super Plus TPD Benefit, see chapter 2, section 21. The following diagram is an example of how Flexible Linking Plus can be used to link a Super Plus TPD Benefit and a Living Benefit under a Flexible Linking Plus Policy to a Term Life Policy held inside superannuation.

**Income Linking Plus**

Access benefits offered under an Income Protection Plus Policy inside and outside superannuation. The benefits which are consistent with a superannuation condition of release are held inside superannuation, and the remaining benefits are held outside superannuation. For more information on the Super Plus IP Benefit, see chapter 3, section 30. The diagram below is an example of how the Super Plus IP Benefit works in conjunction with an Income Protection Policy, to provide the benefits offered under an Income Protection Plus Policy.

You can apply to add a Needlestick Benefit Policy and/or Children’s Benefit Policy, held outside superannuation, to the above policy structures.
About your Policy

Once your cover is in place, it’s important to maintain your Policy and review it on a regular basis to ensure you continue to have the right level and type of cover to suit your needs.

How to apply for a variation to your Policy?

Throughout this PDS, we make reference to applying for changes to your Policy in writing. We may agree to accept amendments by other means. Please contact us if you want to make changes to your Policy. If we agree to the variation, we will issue an update to your policy schedule or membership certificate to confirm the variation has been applied to your Policy.

Who receives the benefits of the Policy?

The Policy Owner is entitled to receive any benefits that are payable on a Policy.

If there is a valid beneficiary nomination on a Term Life Policy, and the Policy Owner is the same person as the Insured Person then any benefit payable on death (Death Benefit, Funeral Advancement Benefit, Financial Planning Benefit or Counselling Benefit) will be paid to the beneficiary or beneficiaries. For more information about beneficiaries, see ‘Making a Claim and our right to investigate’ in chapter 6.

Where the Policy Owner is different to the Insured Person, any benefits payable on a Policy will be paid to the Policy Owner(s) of the Policy.

For a superannuation Policy (including a Term Life as Superannuation, Income Protection Assured as Superannuation and Income Protection as Superannuation Policy), any benefits payable will be paid to the Policy Owner. If a valid beneficiary nomination has been made for a Term Life as Superannuation Policy, benefits may be payable to the beneficiary by the trustee. Please refer to chapter 7, section 8 ‘Understanding Retirement Wrap’ for further information.

For Standalone TPD, Standalone Living Insurance, Income Protection Assured, Income Protection, Income Protection Plus, Business Overheads Assured and Business Overheads Policies, if the Insured Person and the Policy Owner is the same person, any benefit payable on death will be paid to their estate.

When does my Policy end?

To understand when your Policy will end, please see chapter 2, section 29 for Term Life, Term Life as Superannuation, Standalone TPD, Standalone Living Insurance, Needlestick Benefit, Children’s Benefit and Flexible Linking Policies.

Term Life as Superannuation, Income Protection Assured as Superannuation and Income Protection as Superannuation

If the Insured Person is no longer eligible to contribute to superannuation, or is no longer eligible to have contributions made on their behalf, the Insured Person can apply to transfer their current level of insurance under a Term Life as Superannuation Policy to a Term Life Policy, and/or an Income Protection Assured as Superannuation Policy to an Income Protection Assured Policy, and/or an Income Protection as Superannuation Policy to an Income Protection Policy, without any further underwriting.

Any exclusions or special conditions applicable to the Policy will be maintained under the new Term Life and/or Income Protection Assured and/or Income Protection Policy.

For more information on eligibility rules for contribution to superannuation, please see chapter 7, section 8 ‘Understanding Retirement Wrap’.

Chapter 2: Term Life, TPD and Living Insurance
Term Life

Term Life insurance pays a benefit if the Insured Person dies or has a terminal illness. Term Life insurance can be used to help your family pay outstanding debts, to cover the costs of their future financial needs such as funding your children’s education or to cover the cost of additional care if you become terminally ill. This is available under a Term Life Policy or Term Life as Superannuation Policy.

**TPD definitions**

We offer four types of TPD cover, which we call TPD definitions. Each TPD definition (own occupation TPD, any occupation TPD, home duties TPD and general cover TPD) offers cover for a different purpose. Your financial adviser will be able to help you choose the TPD definition suitable for your individual needs.

Each TPD definition has a different set of criteria that will need to be satisfied at the time of claim to be eligible for a TPD Benefit payment. The criteria which applies for each TPD definition is set out in the definition of total and permanent disability in chapter 9 ‘Definitions’.
Whilst you will need to meet the precise requirements of the definition of total and permanent disability in chapter 9 ‘Definitions’, the following table summarises the types of cover available under each of our TPD definitions. You can look for these summaries in the chapter 9 definition to match the summary with the precise requirements you will need to meet.

* If you do not qualify for the TPD Continuation Benefit (see section 11), from the review date following the Insured Person’s 65th birthday, we will only pay the TPD Benefit if the Insured Person meets the own occupation TPD definition.

^ From the review date following the Insured Person’s 65th birthday, we will only pay the TPD Benefit if the Insured Person meets the general cover TPD definition.

**Important information about TPD cover**

If you are working in an eligible occupation, you can apply for an own occupation, any occupation or general cover TPD definition. Of these TPD definitions, the own occupation TPD definition is generally the easiest to satisfy if you make a claim.

If you don’t qualify for own occupation TPD or any occupation TPD because you are not working in an eligible occupation, you may be eligible for home duties TPD or general cover TPD. Home duties TPD or general cover TPD have criteria which make them more difficult to claim for than the any or own occupation TPD definitions. You need to carefully consider whether the limited nature of cover provided by general cover TPD and home duties TPD is satisfactory for your circumstances.

Your financial adviser can help you work out which TPD definition you’re eligible for and which is right for you.

The TPD definition that applies to your cover may change from the review date following the Insured Person’s 65th birthday.

If you are not eligible for the TPD Continuation Benefit, from the review date following the Insured Person’s 65th birthday, we will only pay the TPD Benefit if the Insured Person meets the general cover TPD definition. For more information about the TPD Continuation Benefit, see section 11 of this chapter.
Living Insurance pays a benefit if the Insured Person has a specified medical event (such as cancer, stroke or heart attack) and their condition meets our definition of the relevant specified medical event. Living Insurance can help with major expenses, providing financial peace of mind during your recovery. This is available as an additional benefit on a Term Life Policy, a Flexible Linking Plus Policy or as a Standalone Living Insurance Policy.

- **Living Benefit** – the specified medical events covered under this benefit are available under every Living Insurance Policy.
- **Living Benefit Plus** – covers a more comprehensive list of the specified medical events, in addition to those covered under the Living Benefit.

The specified medical events covered under the Living Benefit and Living Benefit Plus are listed on pages 21 and 22.

### Included and optional benefits

The Living Insurance cover under a Term Life, Flexible Linking Plus, or Standalone Living Policy contains a number of included and optional benefits, and a summary of these is set out in the following tables. The terms and conditions of each benefit are located in the ‘Term Life, TPD and Living Insurance benefit specifics’ section on pages 23 to 37.

You can apply for optional benefits. Unless we have stated otherwise, the optional benefits will require an additional cost. If we have accepted the application for an optional benefit for an Insured Person, it will be shown on your policy schedule or renewal summary. If we have accepted the application for an optional benefit after the commencement of your Policy, we will issue an update to your policy schedule.

- Needlestick Benefit

- Children’s Benefit

The terms and conditions for the Needlestick Benefit and Children’s Benefit Policies are located in the ‘Term Life, TPD and Living Insurance benefit specifics’ section on pages 33 to 34.

Specified medical events

We will pay the Living Benefit, or Advancement Benefit if:

- an Insured Person has a specified medical event listed in the relevant tables on pages 21 and 22 for the Living Insurance cover (ie Living Benefit or Living Benefit Plus) applicable for your Policy; and

- a suitably trained doctor provides the medical evidence to support the claim.

We will only pay a benefit when the Insured Person meets the full definition of the relevant specified medical event, as defined in chapter 8 ‘Medical glossary’ and chapter 9 ‘Definitions’.

For example, the criteria for the specified medical event ‘Coma – with specified criteria’ can be found in chapter 8 ‘Medical glossary’.

The tables on pages 21 and 22 set out the list of specified medical events covered under Living Benefit, and the list of specified medical events covered under Living Benefit Plus.
Living Benefit and Living Benefit Plus (full payment)

We will pay the Living Benefit sum insured if the Insured Person has one of the specified medical events listed in the table below. For full details of the Living Benefit and Living Benefit Plus, please see section 13 ‘Living Benefit’ in this chapter.

1. **Death Benefit**

   **TL**

1.1 The Death Benefit will be paid to you, or the beneficiary if one has been nominated, if the Insured Person dies while your Policy is in force.

   If you do not nominate any beneficiaries and the Insured Person dies, the Death Benefit will be paid equally between the surviving Policy Owners. If there are no surviving Policy Owners, the benefit will be paid to the estate of the last surviving Policy Owner.

   **1.2** We will pay the amount of the Death Benefit for the Insured Person as shown in the most recent policy schedule, membership certificate or renewal summary.

   **1.3 Exclusions**

   We will not pay a Death Benefit if the Insured Person commits suicide (whether sane or insane) within 13 months of the later of:
   - the commencement date;
   - for an increase in the Death Benefit for the Insured Person other than CPI or Loyalty Benefit increases, the date we increase the Death Benefit (applicable to the amount of the Death Benefit that was increased); and
   - the date the Policy was last reinstated.

   This exclusion does not apply to the Policy if it replaces another similar policy issued by another insurer, or another policy issued by us, and all of the following apply:
   - We were specifically told about the intended replacement of the other policy and we agreed to issue this Policy on the basis that it replaced the other policy.
   - The sum insured of the Death Benefit being issued by us is the same as, or less than, the existing cover being replaced.¹

2. **Terminal Illness Benefit**

   **TL**

2.1 The Terminal Illness Benefit will be paid to you if the Insured Person has a terminal illness while your Policy is in force.

2.2 We will pay the amount of the Death Benefit for the Insured Person as shown in the most recent policy schedule, membership certificate or renewal summary.

3. **Future Insurability Benefit**

   **TL**

3.1 The Future Insurability Benefit enables you to increase the Death Benefit, TPD Benefit and Living Benefit sum insured for an Insured Person without providing further health evidence when a specified personal event set out in the table in section 3.3, or business event set out in the table in section 3.4 occurs.

3.2 You may only apply for an increase in writing within 30 days of a personal event or business event (excluding the ‘periodic increase’ event), or within 30 days of the review date immediately following the ‘periodic increase’ event.

If you wish to increase your benefits, contact us and we will forward you the relevant forms to complete and advise you of the evidence we require. The evidence must be satisfactory to us, and demonstrate that the personal event or business event has occurred.

¹ Where the sum insured of the Death Benefit being issued under this Policy exceeds that of the other policy, this exclusion will apply to the sum insured in excess of the sum insured in the other policy.
The increased cover does not apply until we have confirmed it in writing, and your premium will increase to reflect the increase in cover.

The minimum increase per personal event or business event is $25,000.

For Future Insurability Benefit increases under Term Life and Term Life as Superannuation, the increase to the Death Benefit must be the same amount as, or more than, any increase in the TPD Benefit or Living Benefit sum insured.

### 3.3 You can apply to increase the Death Benefit, TPD Benefit and Living Benefit for the following personal events:

This event is restricted to Death Benefit increases for any Policies held inside superannuation. This event will only apply once for an Insured Person under all Policies with us.</td>

</table>

For all personal event increases applied for under the Future Insurability Benefit, the maximum amount that you can increase the Death Benefit, TPD Benefit or Living Benefit by, over the life of the Policy (under all Policies with us), cannot exceed the lesser of $1 million and the initial sum insured of the Death Benefit, TPD Benefit or Living Benefit (as applicable) at the commencement of your Policy. Any increase over this amount under the Future Insurability Benefit (other than CPI and Loyalty Benefit increases) will be subject to underwriting.
3.4 You can apply to increase the Death Benefit, TPD Benefit and Living Benefit for the following business events:

<table>

<tr>
<td><strong>Value of the key person in the business increases</strong></td>

</tr>
<tr>
<td><strong>The net value of the Insured Person's financial interest in the business increases</strong></td>
<td>The Insured Person is a partner, shareholder, unit holder or similar principal in a business. </tr>
<tr>
<td><strong>The value of the Insured Person's loan increases</strong></td>
<td>The Insured Person is the borrower for a business loan that the Death Benefit is intended by the Policy Owner to cover, and the value of the loan increases.&lt;br&gt;The lesser of:&lt;br&gt;– $500,000;&lt;br&gt;– 25% of the original Death Benefit, TPD Benefit, or Living Benefit sum insured; and&lt;br&gt;– an amount which is proportionate to the increase in the value of the Insured Person’s loan.</td>
</tr>
<tr>
<td><strong>Periodic increase</strong></td>
<td>The Policy Owner has not exercised the Future Insurability Benefit for any reason, and has not had an increase in the Insured Person’s sum insured (excluding CPI increases and Loyalty Benefit increases) for a period of 3 consecutive years.&lt;br&gt;The lesser of:&lt;br&gt;– $250,000; and&lt;br&gt;– 25% of the original Death Benefit, TPD Benefit or Living Benefit sum insured.</td>
</tr>
</tbody>
</table>

For all business event increases applied for under the Future Insurability Benefit, the maximum amount that you can increase the Death Benefit, TPD Benefit or Living Benefit by, over the life of the Policy (under all Policies with us), cannot exceed the lesser of $2 million and the initial sum insured of the Death Benefit, TPD Benefit or Living Benefit (as applicable) at the commencement of your Policy. Any increase over this amount under the Future Insurability Benefit (other than CPI and Loyalty Benefit increases) will be subject to underwriting.

3.5 You cannot apply for a Future Insurability Benefit increase for an Insured Person:
– after the review date immediately following the Insured Person’s 65th birthday;<br>– if you have had an increase under this benefit in the last 12 months;<br>– if you have the Business Cover Benefit on your Policy for the Insured Person;<br>– if a person has made, or is eligible to make, a claim in relation to the Insured Person for any benefit under any Policy issued by us;<br>– on a benefit where a premium loading has been applied; or<br>– for salary increases, if the Insured Person is self-employed, a controlling director of the employer or a holding company of the employer, or is able to (directly or indirectly) make or control a decision on the amount of the Insured Person’s salary package.

3.6 For 6 months immediately after the commencement of an increase under the Future Insurability Benefit, the increased amount:
– will only be payable in the event of an accident; and<br>– will not be payable for a terminal illness which arises during this period.

These conditions do not apply to increases under the ‘birth or adoption’ personal event.

3.7 Any exclusions that apply to the Death Benefit, TPD Benefit and Living Benefit will also apply to any increase in the Death Benefit, TPD Benefit and Living Benefit.
4. Financial Planning Benefit

4.1 If we pay a Death Benefit, Terminal Illness Benefit, or the entire sum insured of the TPD Benefit or Living Benefit, we will pay the Financial Planning Benefit to the recipient of the relevant benefit. Under the Financial Planning Benefit, we will reimburse the recipient of the benefit for the cost of obtaining financial advice.

4.2 We will pay the cost of obtaining financial advice, up to a maximum of $5,000.

If there is more than one recipient of the benefit, each recipient will be entitled to receive an equal share of the benefit so the total amount payable does not exceed $5,000.

The Financial Planning Benefit will only be paid once per Insured Person across all Policies issued by us in respect of that Insured Person.

4.3 The following conditions must be met for the Financial Planning Benefit to be paid:

- The financial plan must be provided by an authorised financial adviser that is acceptable to us.
- We will only reimburse amounts relating to the preparation and presentation of the plan and not amounts relating to the implementation of the plan, or commission paid to a financial adviser.
- The Financial Planning Benefit must be claimed within 12 months from the date the Death Benefit, Terminal Illness Benefit, TPD Benefit or Living Benefit was paid.
- The recipient must be able to provide a copy of the invoice showing a breakdown of the services provided, and a receipt showing the amount paid.

5. Funeral Advancement Benefit

5.1 We will reimburse funeral and related expenses and costs following the Insured Person’s death. This benefit is only payable once for each Insured Person across all Policies issued by us.

The payment of this benefit does not mean that any other benefit under the Policy will be admitted.

We will require a copy of the death certificate and invoice(s) showing the funeral and other related expenses paid (by whom and the amount paid) which are acceptable to us.

5.2 We will pay 10% of the Death Benefit, up to a maximum $25,000.

The Death Benefit will be reduced by the amount paid under the Funeral Advancement Benefit.

5.3 Exclusions

We will not pay a Funeral Advancement Benefit if the Insured Person commits suicide (whether sane or insane) within 13 months of the later of:

- the commencement date; and
- the date the Policy was last reinstated.

This exclusion does not apply to the Policy if it replaces another similar policy issued by another insurer, or another policy issued by us, and all of the following apply:

- We were specifically told about the intended replacement of the other policy and we agreed to issue this Policy on the basis that it replaced the other policy.
- The sum insured of the Death Benefit being issued by us is the same as, or less than, the existing cover being replaced.¹
- The other policy and the equivalent sum insured were continuously in force for at least 13 months immediately prior to the issue of this Policy.
- The other policy was cancelled immediately after the issue of this Policy.
- No claim is pending or payable under the other policy.

6. Counselling Benefit

6.1 If we pay a Death Benefit, Terminal Illness Benefit, or the entire amount of the TPD Benefit or Living Benefit, we will also pay the recipient of the benefit a Counselling Benefit. Under the Counselling Benefit, we will reimburse the cost of up to 10 counselling sessions for you, the Insured Person or an immediate family member of the Insured Person.

6.2 We will reimburse the cost of the counselling sessions, up to a maximum of $5,000.

If there is more than one recipient of the benefit, each recipient will be entitled to receive an equal share of the Counselling Benefit, so the total amount payable does not exceed $5,000.

The Counselling Benefit will only be paid once per Insured Person across all Policies issued by us in respect of that Insured Person.

6.3 The following conditions must be met for the Counselling Benefit to be paid:

- To ensure there is no breach of current health insurance laws, the counselling session must be provided by an accredited counsellor approved by us.
- We will only reimburse amounts incurred by the recipient.
- The Counselling Benefit must be claimed within 12 months of receiving the benefit.
- The recipient must be able to provide a copy of the invoice showing a breakdown of the services provided and the amount paid, and/or a receipt showing the amount paid.

¹ Where the sum insured of the Death Benefit being issued under this Policy exceeds that of the other policy, this exclusion will apply to the sum insured in excess of the sum insured in the other policy.
6.4 We will not pay for any expense to the extent that such payment is prohibited by health insurance law. Under current health insurance laws, we cannot pay for counselling sessions which are:

- provided by a medical practitioner and a Medicare benefit or pharmaceutical benefit is payable for any part of the service provided;
- provided in, or associated with, a hospital;
- would amount to carrying on a health insurance business in contravention of the Private Health Insurance Act 2007 (Cth); or
- which would be considered to be treatment that is intended to manage or prevent a disease, injury or condition.

7. Loyalty Benefit

7.1 The Loyalty Benefit will apply when the Policy has been in force for three years from the commencement date. The Loyalty Benefit amount will be listed on the most recent renewal summary.

7.2 The amount of the Loyalty Benefit will be 5% of any Death Benefit, TPD Benefit, Living Benefit or Children’s Benefit.

7.3 The Loyalty Benefit will be taken into account when calculating a TPD Partial Benefit, Advancement Benefit, and any other benefit which is paid as a proportion of the total benefit.

7.4 You are not entitled to reinstate the amount of any Loyalty Benefit for the purposes of the Living Buy Back Benefit, Double Living Benefit, Double TPD Benefit and Living Reinstatement Benefit.

7.5 The terms and conditions that apply to the payment of the Loyalty Benefit will be the same as those applying to the Death Benefit, TPD Benefit, Living Benefit or Children’s Benefit (as applicable).

8. Premium Holiday

8.1 If your Policy has been in force and the premiums paid for at least 6 months, we will allow you to suspend your Policy once in any 12 month period for a maximum of 12 months in total over the duration of the Policy. You can stop the Premium Holiday at any time within the relevant period.

For Policies held outside superannuation, this benefit only applies if the Policy Owner is also an Insured Person.

8.2 Application for this benefit is subject to you submitting an application for Premium Holiday confirming that during the relevant period the Insured Person is experiencing financial hardship due to:

- being unemployed;
- being on sabbatical, maternity, paternity or long term leave from work; or
- the Insured Person’s household income for the last three months reducing by 30% or more (as compared to the household income over the preceding three month period).

8.3 The following conditions apply to the Premium Holiday:

- During the period your Policy is on Premium Holiday, you will not have to pay premiums. However, you will not be eligible to claim for any sickness, injury, specified medical event, death or any other event that happens during this period. A sickness, injury or specified medical event is taken to have happened when:
  - a doctor first gave the Insured Person advice, care or treatment or recommended that the Insured Person seek advice, care or treatment for the sickness, injury or specified medical event; or
  - the Insured Person first had any symptom of the sickness, injury, or specified medical event for which a reasonable person in the same circumstances would have sought advice, care or treatment from a doctor.

- Where there is more than one Policy Owner, all Policy Owners must provide us with their agreement to exercise the Premium Holiday.

- Acceptance of your application for a Premium Holiday will mean that your entire Policy and any linked Flexible Linking Plus Policy will be suspended.

9. TPD Benefit

9.1 When we will pay

We will pay a benefit if the Insured Person becomes totally and permanently disabled while the Policy is in force.

There are four definitions of total and permanent disability:

- own occupation TPD;
- any occupation TPD;
- home duties TPD; and
- general cover TPD.

The definition of total and permanent disability which applies to the Insured Person will be shown on the most recent policy schedule, membership certificate or renewal summary. If you do not qualify for the TPD Continuation Benefit (see section 11), from the review date following the Insured Person’s 65th birthday, we will only pay the TPD Benefit if the Insured Person meets the general cover TPD definition.

If your TPD Benefit is made up of more than one definition of total and permanent disability, each definition will be considered as a separate benefit for the purposes of calculating the premium amount.

9.2 What we will pay

For total and permanent disability, the amount we will pay is the TPD Benefit shown in the most recent policy schedule, membership certificate or renewal summary for the Insured Person as at the date of disablement.

The maximum benefit payable from the review date following the Insured Person’s 65th birthday is $1 million (plus the Loyalty Benefit) which can only be increased by the CPI after this time.
9.3 **What happens after we pay**

If the TPD Benefit is held under a Term Life Policy or Term Life as Superannuation Policy, after we pay the TPD Benefit, we will reduce the sum insured of every other benefit for the Insured Person under the same Policy and every benefit under a linked Flexible Linking Plus Policy, by the amount we paid.

If the TPD Benefit is held under a Flexible Linking Plus Policy, we will also reduce the sum insured of every other benefit for the Insured Person held under the Flexible Linking Plus Policy, and under the linked Term Life or Term Life as Superannuation Policy, by the amount we paid.

If we pay the entire sum insured of the TPD Benefit or it is reduced to nil, the TPD Benefit in respect of that Insured Person ends.

For Term Life and Term Life as Superannuation, if the Death Benefit sum insured for the Insured Person is reduced to zero because we have paid the entire sum insured of the TPD Benefit, the Policy will end.

9.4 **Exclusions**

We will not pay a TPD Benefit if the sickness or injury giving rise to the claim was caused by an intentional self-inflicted injury or attempted suicide (whether sane or insane).

10. **TPD Partial Benefit**

10.1 **When we will pay**

We will pay a TPD Partial Benefit if an Insured Person suffers a partial and permanent disability while the Policy is in force.

10.2 **What will we pay**

For partial and permanent disability, we will pay the TPD Partial Benefit which is equal to 25% of the TPD Benefit (including the Loyalty Benefit) for the Insured Person at that time, up to a maximum of $500,000.

10.3 **What happens after we pay**

After we pay TPD Partial Benefit, we will reduce the sum insured of the TPD Benefit for the Insured Person by the amount we paid.

If the TPD Benefit is held under a Term Life or Term Life as Superannuation Policy, we will also reduce the sum insured of every other benefit for the Insured Person under the Policy, and under a linked Flexible Linking Plus Policy, by the amount we paid.

If the TPD Benefit is held under a Flexible Linking Plus Policy, we will reduce the sum insured of every other benefit for the Insured Person held under the Flexible Linking Plus Policy, and under the linked Term Life or Term Life as Superannuation Policy, by the amount we paid.

10.4 **Exclusions**

We will not pay a TPD Partial Benefit if the sickness or injury giving rise to the claim was caused by an intentional self-inflicted injury or attempted suicide (whether sane or insane).

11. **TPD Continuation Benefit**

**At the review date** following the Insured Person’s 65th birthday, we may allow you to continue a TPD Benefit and TPD Partial Benefit (please see sections 9 and 10) under any occupation TPD definition, up until the review date following the Insured Person’s 70th birthday.

11.1 **To be eligible for continuation,** the Insured Person must meet the following eligibility criteria:

- The Insured Person’s occupation class for the TPD Benefit must be shown as ‘A’ in the most recent policy schedule, membership certificate or renewal summary; and
- The Insured Person:
  - is actively working on a full time basis;
  - is not planning to cease work in the next 12 months; and
  - has not made a claim, or is not eligible to make a claim for any benefit under any insurance cover issued by us.

11.2 **This option will only apply if:**

- the Insured Person meets the eligibility criteria set out in section 11.1;
- we have accepted the application for this benefit for an Insured Person; and
- the Insured Person continues to actively work on a full time basis.

You must notify us of any changes to your employment status. If you are not eligible for the TPD Continuation Benefit, then you will be assessed under the general cover TPD definition.

11.3 **You must continue to pay premiums** for the TPD Benefit.

11.4 **Limits on your cover**

**At the review date** following the Insured Person’s 65th birthday, the maximum sum insured is the lesser of:

- five times the Insured Person’s annual earnings at that time; and
- $1 million.

However, if at the review date following the Insured Person’s 65th birthday their annual earnings result in a reduced sum insured which will be less than $1 million, the difference up to $1 million can be held under a general cover TPD definition.

12. **TPD Death Benefit**

12.1 **We will pay a TPD Death Benefit of $10,000 if** the Insured Person dies while the Policy is in force and the TPD Benefit (including the TPD Partial Benefit) has not been paid.

12.2 **A TPD Death Benefit will not be paid if** the Insured Person commits suicide (whether sane or insane) within 13 months of the later of the:

- commencement date of this Policy; and
- date this Policy was last reinstated.
This exclusion does not apply to the Policy if it replaces another similar policy issued by another insurer, or another policy issued by us, and all of the following apply:

- We were specifically told about the intended replacement of the other policy and we agreed to issue this Policy on the basis that it replaced the other policy.
- The amount of the TPD Death Benefit being issued by us is the same as, or less than, the existing cover being replaced.1
- The other policy and equivalent sum insured were continuously in force for at least 13 months immediately prior to the issue of this Policy.
- The other policy was cancelled immediately after the issue of this Policy.
- No claim is pending or payable under the other policy.

13.4 Exclusions

- Self-inflicted injury or attempted suicide
  We will not pay you a benefit if the specified medical event giving rise to the claim is caused directly or indirectly by an intentional self-inflicted injury or attempted suicide (whether sane or insane).
- 3 month exclusion
  For the following specified medical events:
  - Cancer – excluding specified early stage cancers
  - Prostate cancer – with major treatment
  - Angioplasty – triple vessel
  - Coronary artery bypass surgery – excluding less invasive procedures
  - Heart attack – of specified severity
  - Open heart surgery
  - Stroke – of specified severity
  the benefit for the Insured Person is only payable if the specified medical event (and any treatment, symptoms or surgery that is attributable to the specified medical event including treatment that is a specified medical event in itself), occurs at least 3 months after the latest of the dates we receive the completed application form and personal statement (including all required medical and financial information) for the Policy or the last reinstatement of the Policy.
  If any of the above conditions occur within 3 months of any increase to the benefit for the Insured Person (excluding CPI and Loyalty Benefit increases), the increased benefit amount will not be payable. The benefit payable will be the amount that would have applied if no increase had occurred.
  This exclusion does not apply to the Policy if it replaces another similar policy issued by another insurer, or another policy issued by us, and all of the following apply:
  - We were specifically told about the intended replacement of the other policy and we agreed to issue this Policy on the basis that it replaced the other policy.
  - The sum insured of the Living Benefit being issued by us is the same as, or less than, the existing cover being replaced.2
  - The other policy and equivalent sum insured were continuously in force for at least 3 months immediately prior to the issue of this Policy.
  - The other policy was cancelled immediately after the issue of this Policy.
  - No claim is pending or payable under the other policy.

1 Where the amount of the TPD Death Benefit being issued under this Policy exceeds that of the other policy, this exclusion will apply to the sum insured in excess of the sum insured in the other policy.
2 Where the sum insured of the Living Benefit being issued under this Policy exceeds that of the other policy, this exclusion will apply to the sum insured in excess of the sum insured in the other policy.
14. Advancement Benefit +LI LI STANDALONE

14.1 When we will pay

We will pay an Advancement Benefit if:

- an Insured Person has a specified medical event listed with a tick (✓) in the ‘Specified medical event (partial payment)’ table on page 22 while the Policy is in force; and
- a suitably trained doctor provides the medical evidence to support the claim.

We will only pay a benefit if the Insured Person meets the full definition of the relevant specified medical event, as defined in chapter 8 ‘Medical glossary’ and chapter 9 ‘Definitions’.

If the Advancement Benefit is held under a Standalone Living Insurance Policy, the Living Benefit and Living Benefit Plus will only be paid if the Insured Person subsequently lives for at least 14 days.

Payment of an Advancement Benefit will reduce any benefit payable if a specified medical event occurs subsequently while the Policy is in force.

14.2 What we will pay

The specified medical events that apply to your Policy depend on whether you have selected Living or Living Benefit Plus. Please see the ‘Specified medical event (partial payment)’ table on page 22 to see the specified medical events that apply for Living and Living Benefit Plus.

The amount we will pay for an Advancement Benefit is a partial payment of your Living Benefit sum insured.

This is explained in the ‘Specified medical event (partial payment)’ table on page 22. Please note that the maximum amounts of $50,000, $100,000, and $200,000 in the ‘Specified medical event (partial payment)’ table are not subject to CPI increases.

We will only pay once under each of the specified medical events.

The minimum benefit payable under the Advancement Benefit is $10,000.

If you have selected the Living Benefit Plus option for the Insured Person and it appears on the most recent policy schedule or renewal summary under that Insured Person, an Advancement Benefit for angioplasty – single or double vessel will be paid for the first and each subsequent time this specified medical event occurs.

14.3 What happens after we pay

After we pay an Advancement Benefit, we will reduce the sum insured of the Living Benefit or Living Benefit Plus for the Insured Person by the amount we paid.

If the Living Benefit or Living Benefit Plus is held under a Term Life Policy, we will also reduce the sum insured of every other benefit for the Insured Person held under the Flexible Linking Plus Policy, and under the linked Term Life or Term Life as Superannuation Policy by the amount we paid.

If we pay the entire sum insured of the Living Benefit, the Living Benefit in respect of that Insured Person ends.

14.4 Exclusions

- Self-inflicted injury or attempted suicide

We will not pay you a benefit if the specified medical event giving rise to the claim is caused directly or indirectly by an intentional self-inflicted injury or attempted suicide (whether sane or insane).

- 3 month exclusion

For the following specified medical events:
- Angioplasty – single or double vessel
- Carcinoma in situ of specified organs
- Carcinoma in situ of the penis or testicle
- Melanoma (early stage) – of specified severity
- Prostate cancer – early stage

the benefit for the Insured Person is only payable if the specified medical event (and any treatment, symptoms or surgery that is attributable to the specified medical event including treatment that is a specified medical event in itself), occurs at least 3 months after the latest of the date we receive the completed application form and personal statement (including all required medical and financial information) for the Policy or the last reinstatement of the Policy.

If any of the above conditions occur within 3 months of any increase to the sum insured for the Insured Person (excluding CPI and Loyalty Benefit increases), the increased sum insured will not be payable. The benefit payable will be the amount that would have applied if no increase had occurred.

This exclusion does not apply to the Policy if it replaces another similar policy issued by another insurer, or another policy issued by us, and all of the following apply:
- We were specifically told about the intended replacement of the other policy and we agreed to issue this Policy on the basis that it replaced the other policy.
- The sum insured of the Living Benefit being issued by us is the same as, or less than, the existing cover being replaced.¹
- The other policy and equivalent sum insured were continuously in force for at least 3 months immediately prior to the issue of this Policy.
- The other policy was cancelled immediately after the issue of this Policy.
- No claim is pending or payable under the other policy.

¹ Where the sum insured of the Living Benefit being issued under this Policy exceeds that of the other policy, this exclusion will apply to the sum insured in excess of the sum insured in the other policy.

15.3 We will only pay a benefit of $10,000 if:
   — the dependent child dies; or

   — specified children’s event giving rise to the claim is directly or indirectly caused by a congenital condition; or
   — specified children’s event giving rise to the claim occurs within 3 months of the commencement date or last reinstatement of the Living Benefit.

15.5 The following conditions apply for the Child Support Benefit:
   — The sum insured on the Insured Person’s Living Benefit must be greater than or equal to $100,000 at the time of payment of the Child Support Benefit.
   — Upon payment of the Child Support Benefit the cover for that dependent child will cease and no further benefit will be payable under the Child Support Benefit in respect of that dependent child.

15.6 The Child Support Benefit will end on the earliest of the:
   — date the Child Support Benefit is paid in respect of that dependent child;
   — review date following the dependent child’s 18th birthday; and
   — date the Living Benefit for the Insured Person ends for any reason.

16. Living Buy Back Benefit

16.1 After we have paid a Living Benefit, you are automatically entitled to reinstate the Death Benefit for the Insured Person by 100% of the Living Benefit paid. You can do this without having to provide any further information about the Insured Person.

This benefit may only be exercised by your request in writing, within 30 days from the first anniversary of the date we received notification of your claim, in relation to the specified medical event for which the Living Benefit was paid. If we do not receive a written request within this specified period, the offer lapses and will not be re-offered.

If the Living Benefit was an additional benefit on a Term Life or Term Life as Superannuation Policy, and this Policy is no longer available as the payment has reduced the Death Benefit to zero, and you seek to reinstate that Death Benefit for the Insured Person, we will issue a new Policy which we believe provides the same or similar death benefits.

16.2 The following conditions are placed on the Living Buy Back Benefit, and the Death Benefit that has been reinstated:
   — You cannot buy back more than the Living Benefit we have paid.
   — You can increase the reinstated Death Benefit with the CPI, provided we are still offering you CPI increases.
   — The same underwriting assessment, such as premium loadings and exclusions, that we originally applied to the Insured Person’s Death Benefit will apply to the reinstated Death Benefit.
   — This benefit can only be exercised once.
   — If the Double Living Benefit applies, the Living Buy Back Benefit is not available.
   — The Insured Person must be alive at the time of the Living Buy Back Benefit application.
   — This benefit ends on the review date following the Insured Person’s 65th birthday.
17. Living Insurance Death Benefit

17.1 We will pay a Living Insurance Death Benefit of $10,000 if the Insured Person:
− has a specified medical event before the Policy ends; and
− subsequently dies within 14 days of first diagnosis of that specified medical event.

17.2 A Living Insurance Death Benefit will not be paid if the specified medical event giving rise to the claim was caused directly or indirectly by an intentional self-inflicted injury or attempted suicide (whether sane or insane).

18. Business Cover Benefit

18.1 The Business Cover Benefit enables you to increase the Death Benefit, TPD Benefit and Living Benefit for an Insured Person without providing further health evidence when a specified business cover event set out in the table in section 18.4 occurs.

18.2 You may only apply for the increase in writing within 30 days of the business cover event, or 30 days of the review date immediately following the specified event. If you wish to increase your benefits, contact us and we will forward you the relevant forms to complete and advise you of the evidence we require. The evidence must be satisfactory to us, and demonstrate that the business cover event has occurred.

A business cover event is only applicable if the purpose of cover at the time of application is directly related to the business cover event.

The increased cover does not apply until we have confirmed it in writing, and your premium will increase to reflect the increase in cover. The minimum increase per business cover event is $25,000.

18.3 You can apply to increase the Death Benefit, TPD Benefit and Living Benefit up to the following maximums:

<table>
<thead>
<tr>
<th>Maximums</th>
<th>Death Benefit</th>
<th>TPD Benefit</th>
<th>Living Benefit</th>
</tr>
</thead>
<tbody>

<td>The lesser of: − $20,000,000; and − 50% of the original TPD Benefit.</td>
<td>The lesser of: − $20,000,000; and − 50% of the original Living Benefit.</td>
</tr>
<tr>

<td>The lesser of: − $2,000,000; and − 3 times the original Living Benefit.</td>
</tr>
</tbody>
</table>

18.4 You can apply for an increase for the following business cover events:

<table>
<thead>
<tr>
<th>Business cover events</th>
<th>Maximum Increase per event</th>
</tr>
</thead>
<tbody>
<tr>
<td>Value of the key person in the business increases</td>
<td>The Insured Person is a key person in the business and their value to the business increases. The Insured Person’s value to the business is their remuneration package, excluding discretionary benefits, plus their share of net profits of the business distributed in the 12 months immediately before the event occurs. The lesser of: − the Death, TPD and Living Benefit limits in section 18.3; − an increase which is proportionate to the increase in the Insured Person’s value to the business; and − five times the average annual increase in the gross remuneration package of the Insured Person over the 3 years immediately before the event.</td>
</tr>
<tr>
<td>The net value of the Insured Person’s financial interest in the Business increases</td>
<td>The Insured Person is a partner, shareholder, unit holder or similar principal in a business. The insurance was purchased in relation to a written share purchase or business succession agreement and the net value of the Insured Person’s financial interest in the business increases. The net value of their financial interest in the business is their share of the value of the business, after deducting liabilities of the business, as determined by a valuation method that is acceptable to us. The lesser of: − the Death, TPD and Living Benefit limits in section 18.3; − an increase which is proportionate to the increase in the net value of the Insured Person’s financial interest in the business; and − the average annual increase in the net value of the Insured Person’s financial interest in the business over the 3 years immediately before the event.</td>
</tr>
<tr>
<td>The value of the Insured Person’s loan increases</td>
<td>The Insured Person is the borrower for a business loan that the Death Benefit is intended by the Policy Owner to cover, and the value of the loan increases. The lesser of: − the Death, TPD and Living Benefit limits in section 18.3; and − an increase which is proportionate to the increase in the value of the Insured Person’s loan.</td>
</tr>
</tbody>
</table>
An increase under the Business Cover Benefit will not occur in relation to an Insured Person, if it would result in the total of all increases in Death Benefits, TPD Benefits or Living Benefits for an Insured Person (under all Policies with us) without health evidence (other than CPI and Loyalty Benefit increases) exceeding the ‘maximum total benefit after all Business Cover Benefit increases’ outlined in the table in section 18.3.

The Death Benefit may only be increased by the same amount as, or more than any increase in the TPD Benefit or Living Benefit sum insured, subject to the limits in the table in section 18.3.

18.5 You cannot apply for a Business Cover Benefit increase for an Insured Person:

- after the review date following the Insured Person’s 65th birthday;
- if there has been an increase under this benefit in the last 12 months in respect of the Insured Person;
- if a person has made, or is eligible to make, a claim in relation to the Insured Person for any benefit under any Policy issued by us;
- on a benefit where a premium loading has been applied; or
- for salary increases, if the Insured Person is self-employed, a controlling director of the employer or a holding company of the employer, or is able to (directly or indirectly) make or control a decision on the amount of the Insured Person’s salary package.

Any exclusion that applies to the Death Benefit, TPD Benefit and Living Benefit will also apply to any increase in the Death Benefit, TPD Benefit and Living Benefit.

If the Business Cover Benefit has been selected for an Insured Person, the Future Insurability Benefit is not available for that Insured Person.

The maximum benefit that is able to be applied for without medical and financial underwriting is the lesser of the current Children's Benefit amount or $200,000. Benefits over this amount, as well as optional benefits which are not available under the Children's Benefit, will be subject to medical and financial underwriting.

The Insured Child must be the Insured Person on the new Term Life Policy.

21. Super Plus TPD Benefit

Flexible Linking Plus allows you to add a TPD Benefit with own occupation TPD definition to a Term Life as Superannuation, Term Life and Standalone TPD Policy held inside superannuation.

The Super Plus TPD Benefit is the own occupation TPD portion of the TPD Benefit which is not consistent with a superannuation condition of release, and is held under a Flexible Linking Plus Policy outside superannuation.

The Super Plus TPD Benefit is paid to the Policy Owner of the Flexible Linking Plus Policy.

For more information on how Flexible Linking Plus can be used to structure TPD inside and outside superannuation, please see the ‘Linked Policies inside and outside superannuation’ section under ‘Policy Structures’ on page 12.

21.2 The following conditions apply to the Super Plus TPD Benefit:

− In the event of a TPD claim, we will first assess your claim under the any occupation TPD definition. If your claim does not meet the any occupation TPD definition, we will then assess your claim under the own occupation TPD definition.
− There will only be one TPD Benefit payment under the Super Plus TPD Benefit (under the own occupation TPD definition) and the linked TPD Benefit (under the own occupation TPD definition). If the TPD Benefit is paid under the any occupation TPD definition, the linked Super Plus TPD Benefit ends. If the Super Plus TPD Benefit is paid in full under the own occupation TPD definition, the TPD Benefit ends.
− All other conditions applying to the payment of TPD Benefits (as per section 10) apply to the Super Plus TPD Benefit.
21.3 **Variation of benefits**

If the Insured Person receives a TPD Partial Benefit, the sum insured on both the Super Plus TPD Benefit and the linked TPD Benefit will be reduced by the amount paid.

Any variation to the TPD Benefit will also apply to the linked Super Plus TPD Benefit and vice versa. For example:

- if the TPD Benefit sum insured is reduced, the linked Super Plus TPD Benefit will be reduced.
- when the TPD Benefit ends, the linked Super Plus TPD Benefit will end.

For the purposes of Term Life and Term Life as Superannuation, the Super Plus TPD Benefit will be considered as part of the Policy for variation of benefits. Therefore, a payment of the Living Benefit under the Policy (including all benefits within the Flexible Linking Plus Policy) will result in a reduction of the Super Plus TPD Benefit. A payment of the Super Plus TPD Benefit will result in a reduction of the Death Benefit and Living Benefit.

22. **TPD Buy Back Benefit**

22.1 Immediately after the later of the:

- Insured Person becoming *totally and permanently disabled*; and
- date we receive claim forms for the *total and permanent disability*,

In addition, any premium payable on the reinstated Death Benefit will be waived for the life of the Policy. - if the Insured Person has been totally and temporarily disabled for a continuous period of 6 months; and
- for as long as the Insured Person is totally and temporarily disabled.

The premiums paid by you for the 6 months or more that the Insured Person was totally and temporarily disabled will be reimbursed.

24.2 If the Insured Person's total and temporary disability recurs from the same or related cause within 6 months of you recommencing payment of the premium under the Policy, payment of the premium will be waived again without the Insured Person having to be totally and temporarily disabled for an additional continuous period of 6 months.

If there is more than 6 months between two periods of total and temporary disability, payment of the premium under the Policy will not be waived again until the Insured Person has been totally and temporarily disabled for an additional continuous period of 6 months.

24.3 The following conditions apply to the Waiver of Life Premium Benefit:
- You are not entitled to apply for increases to the benefits payable in respect of any Insured Person on the Policy if the premium is being waived, except for increases in the Death Benefit under the Future Insurability Benefit (excluding the ‘Periodic Increase’ event).

25.1 After we have paid the Living Benefit, you have the option to reinstate the Living Benefit, and for Term Life and Term Life as Superannuation reinstate the Death Benefit, for the Insured Person by 100% of the Living Benefit we have paid without having to provide any further information about the Insured Person.

This option can be exercised by your written request, within 30 days from the first anniversary of the date we received notification of your claim, in relation to the specified medical event for which the Living Benefit was paid. If we do not receive a written request within this specified period, the offer lapses and will not be re-offered.

The Policy terms and conditions may no longer be available when this benefit is exercised. If so, we will issue a new Policy available at the time which we believe provides similar benefits.

25.2 The Policy Owner can exercise the option provided that:
- the Living Benefit payment was made before the review date following the Insured Person’s 65th birthday; and
- a TPD Benefit (including TPD Partial Benefit and Super Plus TPD Benefit) has not been paid after the Living Benefit was paid under the Policy.

We will not pay a claim under the reinstated cover if the specified medical event occurred or was diagnosed, or the circumstances or symptoms leading to diagnosis were apparent before the Living Benefit was reinstated. The reinstated Living Benefit will be reduced by any amount payable under this section.

We will not pay a claim under the reinstated cover for an Advancement Benefit which is related to the original specified medical event. For an Advancement Benefit claim under the reinstated cover which is not related to the original specified medical event, we will pay the Advancement Benefit as per section 14.2.
26. Double Living Benefit

26.1 Immediately after the later of the:
- Insured Person suffering a specified medical event (except for Advancement Benefit conditions); and
- date we receive claim forms in relation to the specified medical event.

- You cannot exercise this benefit if a claim for a Terminal Illness Benefit, TPD Benefit, Super Plus TPD or Partial TPD Benefit has been paid, or is in progress for the Insured Person.
- The Future Insurability Benefit, Business Cover Benefit and CPI increases do not apply to the reinstated Death Benefit.
- The same underwriting assessments, such as premium loadings and exclusions, that we originally applied to the Insured Person's Death Benefit will apply to the reinstated Death Benefit.
- The Death Benefit sum insured will be automatically reinstated once the Insured Person is eligible. You must decline the reinstatement in writing within 30 days of the reinstatement if you do not wish to have the Death Benefit reinstated.
- This benefit is not available after the Death Benefit has been first reinstated under this benefit.
- If the Double Living Benefit applies, the Living Buy Back Benefit is not available.
- This benefit ends on the review date following the Insured Person’s 65th birthday.

27. Exclusions

In addition to any other exclusions to the benefits described, we will not pay any benefit if the claim was caused directly or indirectly by an event or condition covered by any exclusion in your policy schedule or membership certificate.

28. When does my benefit end?

Your benefit under a Policy for an Insured Person continues until the earliest of:
- the date the Insured Person dies;
- the date we pay the entire benefit for the Insured Person;
- the review date following the date the Insured Person reaches the expiry age of the benefit;
- for Term Life and Term Life as Superannuation, the benefit amount for the Insured Person is reduced to zero because we have paid a TPD Benefit, Super Plus TPD Benefit, Living Benefit, or Terminal Illness Benefit under the Policy or Flexible Linking Plus Policy;
- the date we receive your written request to cancel the benefit for the Insured Person; and
- the date your Policy ends.

29. When does my Policy end?

Your Policy will continue until the earliest of:
- the date the last Insured Person dies;
- the date all benefits for the last Insured Person end;
- the date we cancel your Policy because you have not paid your premiums or any other amounts which relate to your Policy;
- the date we receive your written request to cancel your Policy; and
- for a Policy held through a Platform Investment or Platform Super account:
  - the date your cover is cancelled because your account balance is insufficient to meet the insurance premium deduction or any amounts which relate to the Policy; and
  - if the nominated Platform Investment or Platform Super account is closed, the date the Policy is paid to following closure of the nominated Platform Investment or Platform Super account.

If your Policy is held through a Platform Super account or Retirement Wrap and your Policy is being cancelled due to instruction from the trustee of the super fund as a result of the Protecting your Superannuation Package legislation:
- the later of:
  - the date your account has been inactive¹ for 16 months; and
  - the date up to which cover is provided for the premium paid.

If your Policy is held through a Platform Super account or Retirement Wrap and your Policy is being cancelled due to instruction from the trustee of the super fund as a result of the Putting Members’ Interests First legislation:
- the date up to which cover is provided for the premium paid.

When your Policy ends, any Policy which is linked through Flexible Linking Plus will also end.

¹ Inactive for this purpose means that there have been no contributions or rollovers received in your super account.
Chapter 3: Income Products
Income Protection for individuals – overview

Income protection provides a monthly benefit to replace a portion of the income lost when the Insured Person is unable to work at their full capacity due to sickness or injury.

What types of Policies are available?

BT Protection Plans offer the following types of income protection Policies:

- Income Protection with the Assured option (Income Protection Assured) – provides a monthly benefit while the Insured Person is totally disabled or partially disabled.
- Income Protection as Superannuation with the Assured option (Income Protection Assured as Superannuation) – Income Protection Assured held through Retirement Wrap.

The following products are available to customers replacing an existing Protection Plans Income Protection, Income Protection as Superannuation or Income Protection Plus Policy, and the replacement is first approved by us:

- Income Protection – provides a monthly benefit while the Insured Person is totally disabled or partially disabled.
- Income Protection as Superannuation – Income Protection held through Retirement Wrap.
- Income Protection with the Plus option (Income Protection Plus) – a more comprehensive level of income protection cover. In addition to the core benefits offered under an Income Protection Policy, a greater range of built-in support benefits are also available to provide financial assistance during your recovery.

New business applications for Income Protection, Income Protection as Superannuation and Income Protection Plus Policies will only be considered if applied for by 30 September 2021 and the application is received by us by 29 October 2021.

For Income Protection Assured, Income Protection Assured as Superannuation, Income Protection, Income Protection as Superannuation and Income Protection Plus Policies, if the Insured Person becomes unemployed (if applicable) or takes paid or unpaid parental or sabbatical leave, or any other leave without pay, cover under the Policy will continue, provided you pay premiums and any other amounts due. While your Policy will continue, the terms of your cover may be impacted if you are unemployed. This includes, but is not limited to, your ability to claim where your Policy is inside superannuation or where you have been unemployed for more than 3 years.

For Income Protection Assured inside superannuation and Income Protection Assured as Superannuation Policies, the Insured Person will need to meet a condition of release. For Income Protection inside superannuation and Income Protection as Superannuation Policies, the Insured Person will need to meet a condition of release unless there is an associated Income Linking Plus Policy. For more information on the superannuation conditions of release, see chapter 7, section 10.

What are the income protection definitions available?

BT Protection Plans offer three types of income protection cover (we call these income protection definitions), each offering cover for different purposes. Each income protection definition (own occupation IP, home duties IP and general cover IP1) offers cover for a different purpose.

To qualify for an income protection benefit under each definition, the Insured Person must meet the applicable definition of total disability, severe disability or partial disability, as defined in chapter 9 ‘Definitions’.

Benefit type

The benefit type which applies to your Policy will determine the amount we will pay when the Insured Person is totally disabled or partially disabled.

- Indemnity
- Agreed value
- Endorsed agreed value

Agreed Value and Endorsed Agreed Value Income Protection Policies are only available if the Policy is replacing an existing Protection Plans Agreed Value or Endorsed Agreed Value Income Protection Policy, and the replacement is first approved by us.

Agreed Value and Endorsed Agreed Value Income Protection Policies are not available for new business policies or when replacing an existing Agreed Value and Endorsed Agreed Value Income Protection Policy with another insurer. Agreed Value and Endorsed Agreed Value are not available under Income Protection Assured or Income Protection Assured as Superannuation Policies.

---

1 General cover is only available if the Policy is replacing an existing Protection Plans Policy with a General cover definition, and the replacement is first approved by us. General cover is not available for new business policies or when replacing a similar Policy with another insurer. General cover is not available under Income Protection Assured or Income Protection Assured as Superannuation.
What happens to the Policy while a claim is being paid?

**Increasing claims benefit**
If you are receiving a benefit payment, the amount of your monthly benefit will be increased on each review date by the CPI. For Income Protection Assured and Income Protection Assured as Superannuation Policies, CPI will cease for benefit payments on the review date following the Insured Person’s 61st birthday.

**Premiums are waived while we pay you**
You do not have to pay premiums, policy fees and stamp duty, for the period during which you are receiving a Total Disability Benefit, Severe Disability Benefit, Partial Disability Benefit, Crisis Benefit or Specified Injury Benefit payment.
For the avoidance of doubt, the premium waiver is applied pro-rata only for the period you are receiving a benefit.

**Waiting periods**
The *waiting period* that applies to your Policy will determine when any benefit payments under the Policy will commence.
The *waiting period* available to you will depend on the Policy you have selected, your income protection definition, the Insured Person’s occupation and whether you are replacing an existing Protection Plans policy. Your financial adviser can provide more details on the *waiting periods* available to you.

**Waiting period**
The waiting period is the amount of time from when the Insured Person becomes totally disabled, severely disabled or partially disabled to the date when your benefits begin to accrue.
Payments are made monthly in arrears after the end of the *waiting period*.

**Benefit period**

The *benefit period* that applies to your Policy will determine the maximum length of time any benefit payments under the Policy can be paid for.

The benefit period available to you will depend on the Policy you have selected, your income protection definition, the Insured Person’s occupation and whether you are replacing an existing Protection Plans policy. Your financial adviser can provide more details on the benefit periods available to you.

The benefit period is the maximum length of time you will be paid for in the event the Insured Person is totally disabled, severely disabled or partially disabled.

**Employment Status**

*For Income Protection Assured and Income Protection Assured as Superannuation only.*

The employment status recorded on your Policy is the employment status you last advised us at your most recent application and is shown in the most recent policy schedule, membership certificate or renewal summary. Your employment status is considered when determining monthly earnings and pre-disability monthly earnings that apply to your Policy at claim time, as well as the premium payable.

Customers who change their employment status, during the life of their Policy, may apply to update their details at any time. Customers who confirm their employment status at claim time, may have their cover adjusted based on the cover that we would have accepted if we were notified prior to claim. This may include changes to the insured monthly benefit; and applicable offsets. Changes to your employment status will not affect your selected waiting period, benefit period or other conditions applied to your Policy.

Please advise us if your employment status changes. Changes to your employment status or insured monthly benefit will not take into consideration any changes to your personal situation, including health or pastimes.

Income products for business protection – overview

BT Protection Plans offer comprehensive solutions to help your business remain viable, by protecting your business expenses and business income, in the event of sickness or injury to an Insured Person.

Protecting your business expenses

If the Insured Person is unable to work due to sickness or injury, Business Overheads Assured and Business Overheads\(^1\) insurance can assist by providing a monthly benefit for the allowable business expenses which are incurred while the Insured Person is totally disabled or partially disabled.

Protecting your business income

Key Person Income\(^2\) insurance provides a monthly benefit to help the business remain viable if its owners and/or key income generating staff are unable to work due to sickness or injury. The benefit is paid to the business, which can be used to maintain the level of income to the business, assist with ongoing expenses and to fund the replacement and retraining of a staff member.

Waiting and benefit periods

The waiting period and benefit period that apply to your Policy will determine when a claim is payable and the maximum length of time it can be paid.

The waiting period is the amount of time from when the Insured Person becomes totally disabled or partially disabled to the date when your benefits begin to accrue. Payments are made monthly in arrears after the end of the waiting period.

The benefit period is the maximum length of time you will be paid for in the event the Insured Person is totally disabled or partially disabled.

The table below outlines the waiting periods and benefit period available under Business Overheads Assured, Business Overheads and Key Person Income. Your financial adviser can help you determine the suitable waiting period for your business needs.

What happens to the Policy while a claim is being paid?

Increasing claims benefit

If you are receiving benefits, the monthly benefit will be increased on each review date by the CPI.

Premiums are waived while we pay you

You do not have to pay premiums, policy fees and stamp duty, for the period during which you are receiving a Total Disability Benefit or Partial Disability Benefit.

For the avoidance of doubt, the premium waiver is applied pro-rata only for the period you are receiving a benefit.

1. **Total Disability Benefit**

1.1 **When we will pay**

If the Insured Person is totally disabled while covered under the Policy, we will pay a monthly benefit after the end of your waiting period.

1.2 **What we will pay**

   a. Income Protection Assured and Income Protection Assured as Superannuation

   The monthly Total Disability Benefit is the lesser of:
   
   - the insured monthly benefit; and
   
   - a percentage of the pre-disability monthly earnings, where the percentage is:
     - 70% of the first $330,000 of annualised pre-disability monthly earnings;
     - 50% of the next $240,000 of annualised pre-disability monthly earnings; and
     - 20% of the remainder of annualised pre-disability monthly earnings.

   The maximum monthly benefit is $40,000.

If, for 12 months or more immediately before suffering total disability, the Insured Person was unemployed for reasons other than total disability or took paid or unpaid parental or sabbatical leave, or any other leave without pay, they will only be considered totally disabled if, solely because of sickness or injury, they are:

- unable to perform the important income producing duties of any occupation for which they are reasonably suited by education, training or experience;
- not working;
- undergoing any suitable rehabilitation program recommended by a suitably trained doctor; and
- under the regular care of a doctor.

From the review date following the insured persons 61st birthday, the monthly Total Disability Benefit is reduced. The benefit payable will be shown in your renewal summary. For more information, please refer to chapter 3, section 31.6.
b. Income Protection, Income Protection as Superannuation and Income Protection Plus

The benefit paid will depend on whether you have an agreed value, endorsed agreed value, or indemnity Policy:

**Monthly benefit**

If you have an **agreed value** or **endorsed agreed value** Policy, the monthly Total Disability Benefit is the **insured monthly benefit**.

For an **agreed value** or **endorsed agreed value** Policy held inside **superannuation** that is not linked to an Income Linking Plus Policy, the amount of the Total Disability Benefit may be reduced at the time of claim so that it does not exceed the maximum permitted under superannuation law. For more information on the amount payable from Policies held inside **superannuation**, please see chapter 3, section 31.

The calculation below applies if you have an **indemnity Policy**.

If you have an **agreed value** Policy, and you overstated the **monthly earnings** of the Insured Person at application (or at the time when you applied for an increase to your monthly benefit), the following calculation also applies to your Policy. The monthly Total Disability Benefit is calculated as follows:

The monthly Total Disability Benefit is the lesser of:
- the **insured monthly benefit**; and
- 75% of **pre-disability monthly earnings**.

If the **insured monthly benefit** with us at the time of application is greater than $30,000, and the annualised **pre-disability monthly earnings** are greater than $480,000, the monthly Total Disability Benefit is the lesser of:
- the **insured monthly benefit**; and
- a percentage of the **pre-disability monthly earnings**, where the percentage is:
  - 75% of the first $320,000 of annualised **pre-disability monthly earnings**;
  - 50% of the next $240,000 of annualised **pre-disability monthly earnings**; and
  - 20% of the remainder of annualised **pre-disability monthly earnings**.

If the **Superannuation Contribution Option** applies to the Policy, we will use the greater of the **income ratio** and 75% of **monthly earnings**.

If the **insured monthly benefit** with us at the time of application is greater than $30,000 we will use the lesser of:
- the **income ratio**; and
- a percentage of **pre-disability monthly earnings**, where the percentage is:
  - 80% of the first $320,000 of annualised **pre-disability monthly earnings**;
  - 55% of the next $190,000 of annualised **pre-disability monthly earnings**; and
  - 20% of the remainder of annualised **pre-disability monthly earnings**.

If, for 12 months or more immediately before suffering total disability, the Insured Person:
- was unemployed for reasons other than total disability; or
- took paid or unpaid parental or sabbatical leave, or any other leave without pay, they will only be considered **totally disabled** if, solely because of sickness or injury, they are:
  - unable to perform any occupation for which they are reasonably suited by education, training or experience;
  - not working; and
  - under the regular care of a doctor.

For Policies with a ‘to age 70’ **benefit period** where the Insured Person becomes **totally disabled** after their 65th birthday, the monthly Total Disability Benefit will be calculated on an **indemnity** basis.

**c. Business Overheads Assured and Business Overheads**

The amount of this benefit is the lesser of the **insured monthly benefit**, and the **allowable business expenses** actually incurred in the month the Insured Person is **totally disabled**.
d. Key Person Income

The benefit paid will depend on whether you have an endorsed agreed value or indemnity Policy:

<table>
<thead>
<tr>
<th>Benefit type</th>
<th>Monthly benefit</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Endorsed agreed value</strong></td>
<td>The monthly Total Disability Benefit is the insured monthly benefit.</td>
</tr>
<tr>
<td><strong>Indemnity</strong></td>
<td>The amount of the Total Disability Benefit is the lesser of:</td>
</tr>
<tr>
<td></td>
<td>- the insured monthly benefit; and</td>
</tr>
<tr>
<td></td>
<td>- the pre-disability monthly business income.</td>
</tr>
</tbody>
</table>

The calculation of pre-disability monthly business income is applied differently depending on whether the Insured Person is a key person business owner or key person employee.

If the Insured Person is a key person business owner, the pre-disability monthly business income is calculated based on:

\[
A \times B = C
\]

where:

\[
A = \text{a percentage being the lesser of:}
\]

- the Insured Person’s ownership percentage of the key person business as at the date of disability;
- the average percentage of gross profit attributed to the Insured Person in the 12 months immediately preceding the commencement of total disability or partial disability; and
- 50%.

\[
B = \text{an amount which is the average monthly gross profit of the key person business for the 12 months immediately preceding the commencement of total disability or partial disability. This amount is increased by the CPI each review date since the date of disability.}
\]

\[
C = \text{pre-disability monthly business income.}
\]

If the Insured Person is a key person employee, the pre-disability monthly business income is calculated based on the Insured Person’s average monthly earnings in the 12 months immediately preceding the commencement of total disability or partial disability multiplied by the key person factor (this is the percentage of monthly earnings we agree to replace at the time of claim, and is shown in the policy schedule).

1.3 How we will pay

The benefit accrues from the first day of total disability after the waiting period and is payable monthly in arrears.

If the Insured Person is totally disabled for less than the complete month after the waiting period, the amount of the benefit will be reduced on a pro-rata basis based on a 30 day month.

The benefit will continue to accrue until the earliest of:
- the end of the Insured Person’s total disability;
- the time when the aggregate of the period for which a Total Disability Benefit was payable to you and any period for which a Partial Disability Benefit was payable to you is equal to the benefit period; and
- your Policy ends.

For Business Overheads Assured, Business Overheads and Key Person Incomes, if at the end of the benefit period the Insured Person remains totally disabled and the total amount paid is less than 12 times the Total Disability Benefit, payments will continue until the earliest of:
- payment of 12 times the Total Disability Benefit;
- expiry of a further 12 months;
- cessation of the total disability; and
- date the Policy ends.

1.4 Advanced partial payment

For Income Protection Assured, Income Protection, Income Protection Assured as Superannuation, Income Protection as Superannuation and Income Protection Plus Policies, we may make an advanced partial payment for your first monthly benefit. The advanced partial payment is payable a fortnight after the waiting period ends, and is payable in arrears. The amount of the advanced partial payment is calculated on a pro-rata basis based on a 30 day month.

If we have made an advanced partial payment on your Policy, the remainder of your monthly benefit will be payable at the end of the month. The amount payable will be your Total Disability Benefit, less the amount of the advanced partial payment.
1.5 Medical Professionals

The terms of this section 1.5 apply if the Insured Person is a medical professional who performs exposure prone procedures as the main and important part of their usual occupation.

If the Insured Person is diagnosed with HIV – occupationally acquired or Hepatitis B or C – occupationally acquired and, as a consequence of the diagnosis, they:

— are restricted as a regulatory requirement from performing exposure prone procedures; or
— experience a reduction in income due to loss of patients,

we will regard them as having satisfied the occupational duties component of the total disability definition due to sickness as follows. If the Insured Person is:

— not working, we will regard them as being unable to perform one or more of the important income producing duties of their usual occupation;
— not working for more than 10 hours per week in their usual occupation and not working in another occupation, we will regard them as being unable to perform the important income producing duties of their usual occupation for more than 10 hours per week.

The other requirements of the total disability definition set out in chapter 9 must be satisfied for the Insured Person to be deemed totally disabled.

Other exclusions apply, for more information please refer to the definitions of HIV occupationally acquired or Hepatitis B or C – occupationally acquired in chapter 8 ‘Medical glossary’.

1.6 Limitations

The amount of this benefit is reduced by any limitations on benefits (see chapter 3, sections 31 to 34).

2. Partial Disability Benefit

2.1 If the Insured Person is partially disabled while covered under the Policy, we will pay a monthly Partial Disability Benefit after the end of your waiting period.

2.2 What we will pay

a. Income Protection Assured and Income Protection Assured as Superannuation

We will pay you a monthly Partial Disability Benefit, calculated as follows:

\[
\frac{(A - B) \times C}{A}
\]

\(A = \) Pre-disability monthly earnings
\(B = \) Post-disability monthly earnings
\(C = \) the monthly Total Disability Benefit

From the review date following the insured persons 61st birthday, the monthly Partial Disability Benefit is reduced. The benefit payable will be shown in your renewal summary. For more information, please refer to chapter 3, section 31.6.

If, for 12 months or more immediately before suffering partial disability, the Insured Person was unemployed or took paid or unpaid parental or sabbatical leave, or any other leave without pay, they will only be considered partially disabled if, solely because of sickness or injury, they are:

— able to perform the important income producing duties of any occupation for which they are reasonably suited by education, training or experience, but unable to perform all of them; or
— able to perform all of the important income producing duties of any occupation for which they are reasonably suited by education, training or experience, but is only able to do so in a reduced capacity; and
— the monthly earnings of the Insured Person are less than the amount of their pre-disability monthly earnings; and
— the Insured Person is not able to perform the duties of any occupation for which they are reasonably suited by education, training or experience for more than 75% of their regular hours worked prior to the date of disability, but not working more than 40 hours per week; and
— the Insured Person is under the regular care of a doctor; and
— the Insured Person is undergoing any suitable rehabilitation program recommended by their doctor.
b. Income Protection, Income Protection as Superannuation and Income Protection Plus

We will pay you a monthly Partial Disability Benefit, calculated as follows:

\[(A - B) \times C \]

\[A = \text{Pre-disability monthly earnings} \]
\[B = \text{Post-disability monthly earnings} \]
\[C = \text{the monthly Total Disability Benefit} \]

For an agreed value or endorsed agreed value Policy held inside superannuation, which is not linked to an Income Linking Plus Policy, the amount of the Partial Disability Benefit may be reduced at the time of claim so that it does not exceed the maximum permitted under superannuation law. For more information on the amounts payable for Policies held inside superannuation, please see chapter 3, section 31.

For Policies with a ‘to age 70’ benefit period where the Insured Person becomes partially disabled after their 65th birthday, the Partial Disability Benefit will be calculated on an indemnity basis.

c. Business Overheads Assured and Business Overheads

The amount of this benefit is the lesser of the insured monthly benefit and the allowable business expenses actually incurred in the month the Insured Person is suffering partial disability.

The amount earned by the Insured Person from personal exertion will be determined by us on the basis of the contribution of the Insured Person to the business income of the business.

d. Key Person Income

We will pay you a monthly Partial Disability Benefit, calculated as follows:

\[(A - B) \times C \]

\[A = \text{the lesser of:} \]
\[\quad - \text{the number of hours worked by the Insured Person in the key person business prior to becoming totally disabled or partially disabled, based on the average number of hours worked in the three months immediately preceding the commencement of the waiting period; and} \]
\[\quad - 40 \text{ hours} \]
\[B = \text{the hours worked by the Insured Person in the key person business after becoming partially disabled.} \]
\[C = \text{the monthly Total Disability Benefit} \]

2.3 How we will pay

The benefit accrues from the first day of partial disability after the waiting period and is payable monthly in arrears.

If the Insured Person is partially disabled in a month for less than the complete month, the amount of the benefit will be reduced on a pro-rata basis based on a 30 day month. They will still need to meet the waiting period.

The benefit will continue to accrue until the earliest of:

- the end of the Insured Person’s partial disability;
- the time when the aggregate of the period for which a Partial Disability Benefit was payable to you and any period for which a Total Disability Benefit was payable to you is equal to the benefit period; and
- the date your Policy ends.

2.4 Medical Professionals

The terms of this section 2.4 apply if the Insured Person is a medical professional who performs exposure prone procedures as the main and important part of their usual occupation.

If the Insured Person is diagnosed with HIV – occupationally acquired or Hepatitis B or C – occupationally acquired and, as a consequence of the diagnosis, they:

- are restricted as a regulatory requirement from performing exposure prone procedures; or
- experience a reduction in income due to loss of patients, while working more than 10 hours per week in their usual occupation or working in another occupation, we will regard them as:

- working and able to perform one or more of the important income producing duties of their usual occupation but unable to perform all of them; and
- having satisfied the occupational duties component of the partial disability definition due to sickness.

The other requirements of the partial disability definition set out in chapter 9 must be satisfied for the Insured Person to be deemed partially disabled.

Other exclusions apply, for more information please refer to the definitions of HIV occupationally acquired or Hepatitis B or C – occupationally acquired in chapter 8 ‘Medical glossary’.

2.5 Limitations

The amount of this benefit is reduced by any limitations on benefits (see chapter 3, sections 31 to 34).
3. Severe Disability Benefit

3.1 When we will pay

If the Insured Person is severely disabled while covered under the Policy, we will pay you a monthly Severe Disability Benefit after the end of the waiting period.

There are two definitions of severe disability:

− home duties IP NS; and
− general cover IP

The definition of severe disability which applies to the Insured Person will be shown on the policy schedule.

We will regard the Insured Person as being totally disabled or partially disabled, as applicable, if:
- the Insured Person undergoes surgery by a doctor while covered under the Policy to:
  - transplant part of their body to another person; or
  - improve their appearance or to prevent their disfigurement; and
- as a consequence of the surgery, the Insured Person would be totally disabled or partially disabled.

4.2 How we will pay
The waiting period will commence from the day on which the Insured Person undergoes surgery.
The benefit accrues from the first day of total disability or partial disability as a result of the elective surgery after the waiting period and is payable monthly in arrears.
The benefit will continue to accrue until the earliest of the following:
- the Insured Person is well enough to return to work and earn their regular income;
- the end of the benefit period; and
- your Policy ends.

4.3 Exclusions
This benefit will not apply to surgery that takes place within 6 months after the later of:
- the commencement date;
- the date we increase the insured monthly benefit (other than a CPI increase); and
- the date this Policy was last reinstated.
The above exclusion does not apply to the Policy if it replaces another similar income protection policy offering a benefit comparable to the Elective Surgery Benefit, issued by another insurer or another policy issued by us, and all of the following apply:
- we were specifically told about the intended replacement of the other policy and we agreed to issue this Policy on the basis that it replaced the other policy;
- the insured monthly benefit being issued by us is the same as, or less than, the existing cover being replaced;
- the other policy and equivalent sum insured were continuously in force for at least 6 months immediately prior to the issue of this Policy;
- the other policy was cancelled immediately after the issue of this Policy; and
- no claim is pending or payable under the other policy.

5. Rehabilitation Expense Benefit

5.1 We will pay you a Rehabilitation Expense Benefit, in addition to any other benefit under this Policy, if:
- the Insured Person has suffered total disability for a continuous period at least as long as the waiting period; and
- you or the Insured Person incur the cost of rehabilitation equipment or other capital expenses during the course of rehabilitation or engaging (or attempting to engage) in an occupation, which the Insured Person’s doctor has certified as being necessary to facilitate a person’s return to, and ongoing participation in sustainable work.

To ensure expenses do not contravene current health insurance laws, the costs for any expense must be approved by us before they are incurred or this benefit will not be payable for that expense. We recommend you contact us before you incur any costs for any expenses.
Examples of eligible expenses may include the cost of a wheelchair, artificial limbs, re-education expenses and home or workplace modifications.

5.2 We will reimburse the actual rehabilitation expenses incurred by you or the Insured Person up to a maximum amount, determined in accordance with your type of cover as set out below:
- for Income Protection Assured and Income Protection, up to a maximum of 6 times the monthly Total Disability Benefit;
- for Income Protection Plus, up to a maximum of 12 times the monthly Total Disability Benefit.

5.3 We will not pay you this benefit for expenses that are reimbursable from any other source.

5.4 We will not pay for any expense to the extent such payment is prohibited by law. Under current health insurance laws, we cannot pay for rehabilitation expenses which:
- are incurred as part of treatment by a medical practitioner and a Medicare benefit or a pharmaceutical benefit is payable for any part of the service provided;
- are incurred as part of treatment provided in, or associated with, a hospital;
- would amount to carrying on a health insurance business in contravention of the Private Health Insurance Act 2007 (Cth); or
- would be considered to be treatment that is intended to manage or prevent a disease, injury or condition.

5.5 For any policies held inside superannuation, any benefit approved under the Rehabilitation Expense Benefit must be paid directly to the service provider and cannot be reimbursed directly to you, or the Insured Person.

1 Where the insured monthly benefit being issued under this Policy exceeds that of the other policy, the above exclusion will continue to apply to the insured monthly benefit that is in excess of the sum insured of the other policy.
6. Rehabilitation Program Benefit

6.1 We will pay you a Rehabilitation Program Benefit, in addition to any other benefit under this Policy, if:
- the Insured Person has suffered a total disability for a continuous period at least as long as the waiting period; and
- you or the Insured Person incur the cost of a rehabilitation program during the course of rehabilitation or engaging (or attempting to engage) in an occupation, which the Insured Person’s doctor has certified as being necessary to facilitate a person’s return to, and ongoing participation in sustainable work.

To ensure expenses do not contravene current health insurance laws, the costs for any expense must be approved by us before they are incurred or this benefit will not be payable for that expense. We recommend you contact us before you incur any costs for any expenses.

6.2 We will reimburse the actual rehabilitation program costs incurred by you or the Insured Person up to a maximum amount, determined in accordance with your type of cover as set out below:
- for Income Protection Assured and Income Protection, up to a maximum of 6 times the monthly Total Disability Benefit; or
- for Income Protection Plus, up to a maximum of 12 times the monthly Total Disability Benefit.

6.3 The Insured Person must take part in the rehabilitation program to rehabilitate themselves because of the total disability you are claiming and not for any other reason.

6.4 We will not pay you this benefit for expenses that are reimbursable from any other source.

6.5 We will not pay for any expense to the extent such payment is prohibited by law. Under current health insurance laws, we cannot pay for rehabilitation programs which:
- are provided by a medical practitioner, and a Medicare benefit or a pharmaceutical benefit is payable for any part of the service provided;
- are provided in, or associated with, a hospital;
- would amount to carrying on a health insurance business in contravention of the Private Health Insurance Act 2007 (Cth); or
- would be considered to be treatment that is intended to manage or prevent a disease, injury or condition.

6.6 For any policies held inside superannuation, any benefit approved under the Rehabilitation Program Benefit must be paid directly to the service provider and cannot be reimbursed directly to you, or the Insured Person.

7. Return to Work Benefit

7.1 We will pay the Return to Work Benefit if we have paid the Rehabilitation Program Benefit or Rehabilitation Expense Benefit and the Insured Person becomes gainfully employed, on a full time basis.

We will pay the equivalent of:
- one times the insured monthly benefit if the Insured Person becomes gainfully employed, on a full time basis for a minimum of 30 hours per week or more for three consecutive months; and
- a further two times the insured monthly benefit if the Insured Person becomes gainfully employed, on a full time basis for 30 hours per week or more for six consecutive months.

7.2 The Return to Work Benefit is paid in arrears and starts to accrue from the time when the Insured Person has been gainfully employed for a minimum of three consecutive months.

7.3 We will stop paying the Return to Work Benefit on the earlier of:
- the end of the Policy;
- the Insured Person no longer being gainfully employed, on a full time basis for at least 30 hours per week; and
- three times the insured monthly benefit being paid for any one sickness or injury under the Return to Work Benefit.

8. Recurrent Disability Benefit

If the Insured Person suffers from the same or related sickness or injury that has previously resulted in a successful claim, we may not require the Insured Person to meet the waiting period again.

8.1 Benefit periods of 1, 2 or 5 years

For benefit periods of 2 or 5 years (or 1 year for Business Overheads Assured, Business Overheads and Key Person Income), a new waiting period will not apply if, within 6 months after a Total Disability Benefit, Partial Disability Benefit or Severe Disability Benefit ceases to be payable, the Insured Person suffers total disability, partial disability or severe disability from the same or a related sickness or injury. The successive periods during which benefits were payable are added together to determine when the benefit period has expired.
For benefit periods of 1, 2 and 5 years, a new waiting period and a new benefit period will apply if:

- at least 6 months after a Total Disability Benefit, a Partial Disability Benefit or Severe Disability Benefit ceases to be payable, the Insured Person suffers total disability, partial disability or severe disability from the same or a related sickness or injury; and
- either:
  - the benefit period for the previous period of total disability, partial disability or severe disability had not ended; or
  - the Insured Person had returned to and performed the full duties of their usual occupation for their usual monthly earnings for at least 6 consecutive months after a Total Disability Benefit, Partial Disability Benefit or Severe Disability Benefit ceased to be payable.

Otherwise, no benefit is payable.

### 8.2 Benefit periods to age 55, to age 65, to age 70 or to age 80

For a benefit period to age 55, to age 65, to age 70, or to age 80, the waiting period will not apply if, within 12 months after a Total Disability Benefit, Partial Disability Benefit or a Severe Disability Benefit ceases to be payable, the Insured Person suffers total disability, partial disability or severe disability from the same or a related sickness or injury.

For benefit periods to age 55, to age 65, to age 70, or to age 80 a new waiting period will apply if at least 12 months after a Total Disability Benefit, a Partial Disability Benefit or a Severe Disability Benefit ceases to be payable, the Insured Person suffers total disability, partial disability or severe disability from the same or a related sickness or injury.

### 9. Death Benefit

If the Insured Person dies while we are paying you a Total Disability Benefit, Partial Disability Benefit, Severe Disability Benefit, Crisis Benefit, Specified Injury Benefit or Nursing Care Benefit, a benefit equal to 6 times your monthly Total Disability Benefit or Severe Disability Benefit will be paid to either your estate (if you are both the Insured Person and the sole Policy Owner), or otherwise to the Policy Owner.

The Death Benefit will be reduced by any amount which has been paid in advance under a Crisis Benefit and/or Specified Injury Benefit and which relates to a period of time occurring after death of the Insured Person.

### 10. Change of Waiting Period Benefit

</tr>
<tr>
<td>90 days</td>
<td>30 days</td>
</tr>
</tbody>
</table>

1 360 day waiting period is not available for Income Protection Assured or Income Protection Assured as Superannuation policies.

Your premium will increase to reflect the shorter waiting period.

We consider that an Insured Person has changed their employment status if:

- they cease working for one employer and commence working for another unrelated employer; or
- they cease being employed and commence being self-employed.

### 10.1 You can shorten the waiting period for the Insured Person if the Insured Person changes their employment status. You can do this without having to provide any evidence of the Insured Person's health.

As shown in the table below, a waiting period in the first column can be reduced to the corresponding reduced waiting period in the second column.

10.2 You can only shorten the waiting period without having to provide evidence of the Insured Person's health if:

- the Insured Person is not totally disabled or partially disabled at the time (either during the waiting period or while a benefit is payable), and is not eligible to claim any benefit under the Policy;
- the Insured Person was accepted for cover under this Policy without any loadings;
- you request the change in writing within 30 days of the Insured Person joining the new employer or the change in employment status occurring;
- the Insured Person provides us with written proof that the change of employment status has occurred;
- the Insured Person is not eligible, and will not become eligible, for income protection cover with the new employer through an insurance policy, superannuation or pension plan, and has no other income protection in force; and
- where a 720 day waiting period applies, you provide us with proof that the Insured Person was covered by an employer related income protection policy with a benefit period of 1 year or more while employed by the previous employer.

### 10.3 If the Insured Person suffers a sickness or injury prior to you exercising this benefit, any claim in relation to that sickness or injury will be assessed against the waiting period that applied at the time the Insured Person first suffered that sickness or injury.
11. Future Insurability Benefit

11.1 You can apply to increase the insured monthly benefit by up to 15% once in every 12 months if the Insured Person’s monthly earnings have increased without needing to provide medical evidence.

The income ratio which applies to your insured monthly benefit after the increase must not be greater than the income ratio at the commencement of your Policy, or since the most recent increase in the monthly benefit that you have applied for under the Policy.

11.2 You may only apply for an increase in writing within 30 days of the review date and we will require financial evidence to support the increase in the insured monthly benefit.

Your premium will increase to reflect any increase in the insured monthly benefit. The increase in your insured monthly benefit does not apply until we have confirmed it in writing.

11.3 For Income Protection Assured and Income Protection Assured as Superannuation:

The insured monthly benefit after the increase must not be greater than an amount which is equal to the sum of:

- 70% of $330,000 of annualised monthly earnings;
- 50% of the next $240,000 of annualised monthly earnings; and
- 20% of the remainder of annualised monthly earnings.

For Income Protection, Income Protection as Superannuation and Income Protection Plus:

The insured monthly benefit after the increase must not be greater than an amount which is equal to the sum of:

- 75% of $320,000 of annualised monthly earnings;
- 50% of the next $240,000 of annualised monthly earnings; and
- 20% of the remainder of annualised monthly earnings.

If the Superannuation Contribution Option is selected, the insured monthly benefit after the increase must not be greater than an amount which is equal to the sum of:

- 80% of the first $320,000 of annualised monthly earnings;
- 55% of the next $190,000 of annualised monthly earnings; and
- 20% of the remainder of annualised monthly earnings.

The total increase over the life of the Policy cannot exceed the insured monthly benefit at the commencement of this Policy (including any increases in the insured monthly benefit which we have underwritten and accepted).

The maximum benefit limits for Income Protection Assured, Income Protection, Income Protection Assured as Superannuation, Income Protection as Superannuation and Income Protection Plus Policies applies to the total amount of the insured monthly benefit after the increase under Future Insurability Benefit.

11.4 You cannot apply for a Future Insurability Benefit increase for an Insured Person under this insurance cover:

- after the review date immediately following the Insured Person’s 55th birthday;
- if you have had an increase under this benefit within the previous 12 months;
- if any person has made, or is eligible to make, a claim in relation to the Insured Person for any benefit under any insurance cover issued by us; or
- if we accepted the Insured Person with a loading.

Any exclusions which apply to the Insured Person’s Income Protection Assured, Income Protection, Income Protection Assured as Superannuation, Income Protection as Superannuation and Income Protection Plus Policy will also apply to an increase in the insured monthly benefit.

12. IP Continuation Option

We may allow an Income Protection, Income Protection as Superannuation or Income Protection Plus Policy to continue under an own occupation IP definition past the expiry of the Policy, up until the review date following the Insured Person’s 75th birthday, on a limited basis if the Insured Person is still working on a full-time basis, and their occupation class is AA, A, P or S as shown in the policy schedule or membership certificate. Please contact us or your financial adviser if you want to know which occupation class will apply for the Insured Person before applying for this Policy.

The offer to continue the Policy may be issued at the expiry of the Policy (ie the review date following the Insured Person’s 55th, 65th or 70th birthday, as applicable).

12.1 This option will only apply if:

- we have made the offer of continuation in respect of the Insured Person;
- the Insured Person provides a declaration within 30 days of each review date that they:
  - are actively working on a full time basis;
  - are not planning to cease work in the next 12 months; and
  - have not made a claim, and are not on claim for any benefit under any insurance cover issued by us;
- we have accepted an application for this option for the Insured Person; and
- premiums continue to be paid for this Policy.

12.2 From the review date following the Insured Person’s 55th, 65th or 70th birthday (as applicable) the Policy will only pay the following benefits if this option applies:

- Total Disability Benefit; and
- Specified Injury Benefit.¹

¹ Specified Injury Benefit is not available for a Policy held inside superannuation unless Income Linking Plus has been selected.
12.3 The following conditions apply to cover provided under the IP Continuation Option:

− The waiting period for the IP Continuation Option is restricted to 90 days, the benefit period is 2 years, and the maximum insured monthly benefit is $20,000;
− The contract will be issued on an indemnity basis, and pre-disability monthly earnings will be taken as the Insured Person's monthly earnings in the 12 month period immediately preceding the commencement of total disability;
− The Insured Person will be required to sign a declaration in accordance with section 12.1 within 30 days of every review date following the Insured Person’s 55th, 65th or 70th birthday (as applicable), and must make their declaration every year;
− The benefit period may extend beyond the review date (other than the review date following the Insured Person’s 75th birthday) if the Insured Person is on claim, however the Policy will end following the completion of the benefit period;
− The IP Continuation Option is not guaranteed to be offered or re-offered, and may be withdrawn at any time; and
− The Policy will continue until the earliest of:
  − the review date that the Insured Person fails to meet the conditions of the annual declaration in accordance with section 12.1; or
  − the review date following the Insured Person’s 75th birthday.

13. Extended Cover Benefit

If you are not receiving a benefit, or not entitled to make a claim at the expiry of your Income Protection or Income Protection Plus Policy, you can apply to continue your cover under a general cover IP definition without medical underwriting.

We must receive your application to extend your cover 30 days prior to the review date following the Insured Person’s 55th, 65th or 70th birthday (as applicable).

For Policies held within Platform Super or an SMSF, the Insured Person must be gainfully employed at the time of applying for this benefit.

13.1 From the review date following the Insured Person’s 55th, 65th or 70th birthday (as applicable), the Policy will only pay the following benefits:

− Severe Disability Benefit (general cover IP definition); or
− the Death Benefit.

13.2 The following conditions apply to cover provided under the Extended Cover Benefit:

− CPI increases will not apply;
− the benefit period is limited to 2 years;
− the amount payable will be the lesser of the insured monthly benefit showing in the policy schedule and $5,000; and
− the Policy will end on the earlier of the:
  − death of the Insured Person;
  − review date following the Insured Person’s 80th birthday; and
  − time when the aggregate of the benefit period for which a Severe Disability Benefit was payable to you is equal to the benefit period.

The waiting period options available at application for extended cover are outlined in the table below:

14. Loyalty Benefit

14.1 The Loyalty Benefit will apply when the Policy has been in force for three years from the commencement date. The Loyalty Benefit amount will be listed on the most recent renewal summary.

14.2 We will pay an extra $50,000 should the Insured Person die while the Policy is in force.

14.3 The Loyalty Benefit is only paid once per Insured Person across any Income Protection, Income Protection as Superannuation, Income Protection Plus, Business Overheads or Key Person Income.
15. Premium Holiday

15.1 If your Policy has been in force and premiums paid for at least 6 months, we will allow you to suspend your Policy once in any 12 month period for a maximum of 12 months in total over the duration of the Policy. You can stop the Premium Holiday at any time within the relevant period.

For Policies held outside superannuation, this benefit only applies if the Policy Owner is also an Insured Person.

Application for this benefit is subject to you submitting an application for Premium Holiday confirming that during the relevant period the Insured Person is experiencing financial hardship due to:

- being unemployed;
- being on sabbatical, maternity, paternity or long term leave from work; or
- the Insured Person’s household income for the last three months reducing by 30% or more (as compared to the household income over the preceding three month period).

15.3 Key Person Income

Application for this benefit is subject to you submitting an application for a Premium Holiday confirming that the Insured Person is absent from the key person business and is on sabbatical, maternity, paternity or long term leave, during the relevant period.

15.4 The following conditions apply to the Premium Holiday:

- During the period your Policy is on Premium Holiday, you will not have to pay premiums. However, you will not be eligible to claim for any sickness, injury, death or any other event that happens during this period. A sickness or injury is taken to have happened when:
  - a doctor first gave the Insured Person advice, care or treatment or recommended that the Insured Person seek advice, care or treatment for the sickness or injury; or
  - the Insured Person first had any symptom of the sickness or injury for which a reasonable person in the same circumstances would have sought advice, care or treatment from a doctor.

- Acceptance of your application for a Premium Holiday will mean that your entire Policy and any linked Income Linking Plus Policy will be suspended.

16. Counselling Benefit

16.1 If we pay a Total Disability Benefit, we will pay you the Counselling Benefit. The Counselling Benefit provides the cost of up to 10 counselling sessions for you, the Insured Person or an immediate family member.

16.2 We will reimburse the cost of the counselling sessions, up to a maximum of $5,000.

The Counselling Benefit will only be paid once per Insured Person across all Policies issued by us in respect of that Insured Person.

16.3 The following conditions must be met for the Counselling Benefit to be paid:

- to ensure there is no breach of current health insurance laws, the counselling session must be provided by an accredited counsellor approved by us;
- we will only reimburse amounts incurred by you;
- the Counselling Benefit must be claimed within 12 months of receiving the benefit; and
- you must be able to provide a copy of the invoice showing a breakdown of the services provided and the amount paid, and/or a receipt showing the amount paid.

16.4 We will not pay for any expense to the extent that such payment is prohibited by health insurance law. Under current health insurance laws, we cannot pay for counselling sessions which are:

- provided by a medical practitioner and a Medicare benefit or pharmaceutical benefit is payable for any part of the service provided;
- provided in, or associated with, a hospital;
- would amount to carrying on a health insurance business in contravention of the Private Health Insurance Act 2007 (Cth); or
- which would be considered to be treatment that is intended to manage or prevent a disease, injury or condition.
17. Nursing Care Benefit

17.1 If the Insured Person is confined to bed for more than 3 consecutive days during the waiting period, we will pay you a Nursing Care Benefit equal to 1/30th of the monthly Total Disability Benefit for each consecutive day of confinement.

17.2 We will stop paying the Nursing Care Benefit on the earliest of the following events:
   — when the Insured Person is no longer confined to bed;
   — at the end of the waiting period;
   — after 90 days; and
   — when your Policy ends.

17.3 If confinement to bed recurs
   If, following a period when the Insured Person was confined to bed, and within 6 months (for benefit periods of 2 and 5 years), or within 12 months (for benefit periods to age 55, to age 65 and to age 70), the Insured Person again becomes confined to bed from the same or a related sickness or injury, the Nursing Care Benefit becomes immediately payable. The successive periods of being confined to bed are added together to determine the duration of any Nursing Care Benefit that we will pay you.

18. Specified Injury Benefit

18.1 If the Insured Person suffers any of the injuries set out in section 18.5 while covered under this Policy, we will pay you a benefit equal to the monthly Total Disability Benefit for the payment period from the date the specified injury occurred, even if the Insured Person is able to return to work during that period. We may choose to pay some or all of this benefit as a lump sum.

18.2 If the Insured Person suffers more than one specified injury at the same time, we will only pay you a benefit for the injury with the longer payment period.

18.3 We will not pay a Specified Injury Benefit if your waiting period is 360 days or 720 days.

18.4 If, at the end of the payment period, the Insured Person is suffering total disability or partial disability as a result of the specified injury, and the payment period was:
   — equal to or longer than the waiting period, you will be entitled to receive a Total Disability Benefit or Partial Disability Benefit (if eligible);
   — less than the waiting period, the waiting period will be reduced by the payment period. You will be entitled to receive a Total Disability Benefit or Partial Disability Benefit (if eligible) once the balance of the remaining waiting period has been served after the end of the payment period.

The period of payment of the Specified Injury Benefit is included in determining whether the benefit period for Total Disability Benefit or Partial Disability Benefit has expired.

18.5 Specified Injuries

1 Fracture must require a pin, traction, a plaster cast or other immobilising structure for these injuries, except in the case of pelvis or skull where this treatment is not practical.
19. Crisis Benefit  

19.1 If the Insured Person suffers for the first time any of the 'crisis events' listed below while covered under this Policy, we will pay you a benefit equal to the monthly Total Disability Benefit or Severe Disability Benefit for 6 months from the date the crisis event occurred. The 'crisis events' are:
- Acquired brain injury – of specified severity

19.2 We will stop paying you a Crisis Benefit on the earliest of the following events:
- we have paid you a Crisis Benefit for 6 months; and
- your Policy ends.

If, at the end of the 6 month period, the Insured Person is suffering total disability, partial disability or severe disability as a result of the crisis event you will be eligible to receive a Total Disability Benefit, Partial Disability Benefit or Severe Disability Benefit (as appropriate).

The period of payment of the Crisis Benefit is included in determining whether the benefit period for Total Disability Benefit, Partial Disability Benefit or Severe Disability Benefit has expired.

19.3 Exclusions

We will not pay a Crisis Benefit if the condition first becomes apparent, or the surgery first occurs, within 90 days after the later of the:
- commencement date;
- date we increase the insured monthly benefit (other than a CPI increase) but only in respect of the increase; and
- date this Policy was last reinstated.

The above exclusion does not apply to the Policy if it replaces another similar income protection policy offering a benefit comparable to the Crisis Benefit, issued by another insurer, or another policy issued by us, and all of the following apply:
- we were specifically told about the intended replacement of the other policy and we agreed to issue this Policy on the basis that it replaced the other policy;
- the insured monthly benefit being issued by us is the same as, or less than, the existing cover being replaced;
- the other policy and equivalent sum insured were continuously in force for at least 90 days immediately prior to the issue of this Policy;
- the other policy was cancelled immediately after the issue of this Policy; and
- no claim is pending or payable under the other policy.

28.5 Exclusions

We will not pay this benefit if the Insured Person is eligible for the Specified Injury Benefit, Crisis Benefit or Nursing Care Benefit under this Policy.

29. Superannuation Contribution Option

29.1 To help with superannuation contributions, this option allows you to have a monthly insured amount that is higher than is usually available under an Income Protection, Income Protection as Superannuation or Income Protection Plus Policy.

If the Total Disability Benefit is payable, the additional amount of your insured monthly benefit due to the Superannuation Contribution Option can be paid into a nominated superannuation fund.

29.2 Generally the insured monthly benefit can be up to 75% of the Insured Person’s monthly earnings, however with this option you can insure up to 80% of the Insured Person’s monthly earnings.

The insured monthly benefit as a percentage of monthly earnings is calculated at the time of application and is referred to as the income ratio. The income ratio will be shown on your policy schedule or membership certificate.

29.3 The Superannuation Contribution Option is subject to the following conditions:

− the Total Disability Benefit, inclusive of any superannuation contribution amount, is payable to you; and
− by applying for this option, the Insured Person agrees to pay the additional benefit amount into their superannuation fund.
30. Super Plus IP Benefit

30.1 Income Linking Plus allows the Insured Person to access benefits offered under an Income Protection Plus Policy over two separate Policies, inside and outside superannuation.

The Super Plus IP Benefit is any benefit offered under Income Protection Plus which is not consistent with a superannuation condition of release, and is held under an Income Linking Plus Policy outside superannuation. This may include any portion of the Total Disability Benefit or Partial Disability Benefit payable under the Policy, which is not consistent with a superannuation condition of release. This is explained in section 31.2(c) ‘For all Policies held inside superannuation’ in this chapter.

The Super Plus IP Benefit is paid to the Policy Owner of the Income Linking Plus Policy.

For more information on how Income Linking Plus can be used to structure your income protection, please see the ‘Linked Policies inside and outside superannuation’ section under ‘Policy Structures’ on page 12.

30.2 Variation of benefits

Any variation to the Super Plus IP Benefit will apply to both the linked Income Protection Policy, and the Super Plus IP Benefit under the Income Linking Plus Policy.

If the Income Linking Plus Policy ends, the linked Income Protection Policy will also end.

All other terms and conditions pertaining to the payment of Income Protection Plus benefits apply to the Super Plus IP Benefit.

This section applies to all benefits held under an Income Protection Assured, Income Protection, Income Protection Assured as Superannuation, Income Protection as Superannuation and Income Protection Plus Policy.

31.1 For all benefits under an Income Protection Assured, Income Protection, Income Protection Assured as Superannuation, Income Protection as Superannuation and Income Protection Plus Policy:

− no benefit will be payable for a particular sickness or injury after the benefit period has expired;
− all benefits cease to be payable when the Policy ends; and
− if total disability, partial disability or severe disability is caused by more than one sickness or injury, we will only pay benefits in respect of one sickness or injury at any one time.

We will not pay the following benefits at the same time:

− Total Disability Benefit and Specified Injury Benefit;
− Partial Disability Benefit and Specified Injury Benefit;
− Total Disability Benefit and Crisis Benefit;
− Severe Disability Benefit and Crisis Benefit;
− Partial Disability Benefit and Crisis Benefit;
− Nursing Care Benefit and Crisis Benefit;
− Specified Injury Benefit and Crisis Benefit;
− Family Care Benefit and Home Care Benefit;
− Accident Benefit and Specified Injury Benefit;
− Accident Benefit and Crisis Benefit;
− Accident Benefit and Nursing Care Benefit; or
− Partial Disability Benefit and Return to Work Benefit.

If you are entitled to claim for both the Crisis Benefit and the Specified Injury Benefit as a result of the same event, we will only pay you for one of the benefits, being the benefit with the longest payment period.

For an Income Protection Assured or Income Protection Policy held inside superannuation and an Income Protection Assured as Superannuation or Income Protection as Superannuation Policy, benefits are only payable if they are consistent with a superannuation condition of release under superannuation law. If Income Linking Plus is selected, any benefit (or portion of a benefit) which does not meet a superannuation condition of release will be paid to the Policy Owner of the Income Linking Plus Policy through the Super Plus IP Benefit. For more information on the superannuation conditions of release, please see chapter 7, section 10.
31.2 Total Disability Benefit and Partial Disability Benefit Offsets

The amount of the monthly Total Disability Benefit or Partial Disability Benefit may be reduced or recovered in respect of the Insured Person if any amounts are paid by the sources referred to below. These offsets are applied differently depending on the occupational category the Insured Person is in and where Policies are held inside superannuation. This will be shown on your policy schedule or membership certificate.

The amount of the Total Disability Benefit or Partial Disability Benefit may also be reduced or recovered in respect of the Insured Person for any offsets or limitations to your benefits which we have included in your policy schedule or membership certificate.

a. For Income Protection Assured and Income Protection Assured as Superannuation:

The amount of the monthly Total Disability Benefit or Partial Disability Benefit may be reduced or recovered in respect of the Insured Person if any amounts are paid by the following sources:

− regular payments from an insurance policy in an existing superannuation fund or another existing insurance policy (including regular payments which are converted to a lump sum), made in respect of sickness or injury, but only if that policy was not disclosed to us before we issued this Policy or agreed to any increase in cover under this Policy;

− workers or motor accident compensation or payments under common law relating to the sickness or injury;

− payments from the Insured Person’s employer, partnership or business while being paid an insured benefit;

− Unaffected Business Income; and

− sick leave payments made to the Insured Person while being paid an insured benefit.

We may agree to include some or all of any unaffected business income when determining the insured monthly benefit or when calculating pre-disability monthly earnings and post-disability monthly earnings. This will be noted as a special condition to your Policy.

The reduction in benefit will be such that the reduced benefit that we pay, when combined with the income from the above sources (including the reduced monthly earnings for partial disability), does not exceed the following:

− 70% of pre-disability monthly earnings; or

− 100% of pre-disability monthly earnings for partial disability.

The amount should not exceed a percentage of the pre-disability monthly earnings, where the percentage is:

− 70% of the first $330,000 of annualised pre-disability monthly earnings;

− 50% of the next $240,000 of annualised pre-disability monthly earnings; and

− 20% of the remainder of annualised pre-disability monthly earnings.

If the Insured Person receives any amount as outlined in this section, that includes an amount for loss of income resulting from their sickness or injury for any period we have paid, the Insured Person must, on demand by us, repay either the benefits we have paid them or the amount they have been awarded for loss of income, whichever is lower. We can also choose to reduce any amounts we pay in the future to cover such overpayments.

b. For Income Protection, Income Protection as Superannuation and Income Protection Plus:

The reduction in benefit will be such that the reduced benefit that we pay, when combined with the income from the above sources (including the reduced monthly earnings for partial disability), does not exceed the following:

- 75% of pre-disability monthly earnings; or
- 100% for partial disability.

If the insured monthly benefit with us at the time of application was greater than $30,000, and the annualised pre-disability monthly earnings are greater than $480,000, the amount should not exceed a percentage of the pre-disability monthly earnings, where the percentage is:

- 75% of the first $320,000 of annualised pre-disability monthly earnings;
- 50% of the next $240,000 of annualised pre-disability monthly earnings; and
- 20% of the remainder of annualised pre-disability monthly earnings.

If the insured monthly benefit with us at the time of application was greater than $30,000, the amount should not exceed a percentage of the pre-disability monthly earnings, where the percentage is:

- 80% of the first $320,000 of annualised pre-disability monthly earnings;
- 55% of the next $190,000 of annualised pre-disability monthly earnings; and
- 20% of the remainder of annualised pre-disability monthly earnings.

If the Insured Person receives any amount as outlined in this section, that includes an amount for loss of income resulting from their sickness or injury for any period we have paid, the Insured Person must, on demand by us, repay either the benefits we have paid them or the amount they have been awarded for loss of income, whichever is lower. We can also choose to reduce any amounts we pay in the future to cover such overpayments.

c. For all Policies held inside superannuation

The benefit we will pay, when combined with the income from other sources, must not exceed the Insured Person’s highest average monthly earnings in any consecutive 12 month period in the 36 months immediately preceding the commencement of total disability or partial disability, increased by CPI each review date since that date.

For this purpose, income from other sources includes, but is not limited to, the following:

- workers or motor accident compensation or payments under common law relating to the sickness or injury;
- payments from the Insured Person’s employer, partnership or business while being paid an insured benefit; and
- sick leave payments made to the Insured Person while being paid an insured benefit.

If Income Linking Plus is selected, the portion of the benefit which does not meet the condition above will be paid to the Policy Owner of the Income Linking Plus Policy through the Super Plus IP Benefit.

---

1 Where the Superannuation Contribution Option is selected, the amount will not exceed the greater of the income ratio and 75%.
d. What we do not offset

We will not offset the following amounts:

− payments made as compensation for pain and suffering or the loss of use of part of the body;
− Total and Permanent Disablement, Living/Trauma or Terminal illness payments;
− payments made in respect of the sickness or injury from business expense insurance policies; or
− an entitlement to paid sick leave1.

31.3 Severe Disability Offsets

The amount of the monthly Severe Disability Benefit may be reduced or recovered in respect of the Insured Person if any amounts are paid by the following sources:

− workers or motor accident compensation or payments under common law relating to sickness or injury;
− regular payments from an insurance policy in an existing superannuation fund, or another existing insurance policy (including regular payments which are converted to a lump sum), made in respect of sickness or injury, but only if that policy was not disclosed to us before we issued this Policy or agreed to any increase in cover under this Policy;
− the Insured Person’s employer, partnership or business;
− sick leave payments made to the Insured Person.

The reduced benefit that we pay, when combined with the income from the above sources, must not exceed 75% of pre-disability monthly earnings.

If the insured monthly benefit with us at the time of application was greater than $30,000, and the annualised pre-disability monthly earnings are greater than $480,000, the amount should not exceed a percentage of the pre-disability monthly earnings, where the percentage is:

− 75% of the first $320,000 of annualised pre-disability monthly earnings;
− 50% of the next $240,000 of annualised pre-disability monthly earnings; and
− 20% of the remainder of annualised pre-disability monthly earnings.

If the Insured Person receives any amount as outlined in this section, that includes an amount for loss of income resulting from their sickness or injury for any period we have paid, or will pay, the Insured Person must, on demand by us, repay either the benefits we have paid them or the amount they have been awarded for loss of income, whichever is lower. We can also choose to reduce any amounts we pay in the future to cover such overpayments.

The amount of the Severe Disability Benefit may be reduced or recovered in respect of the Insured Person for any offsets or limitations to your benefits which we have included in your policy schedule.

31.4 For Policies held inside superannuation

The Severe Disability Benefit that we will pay, when combined with the income from other sources, must not exceed the Insured Person’s highest average monthly earnings in any consecutive 12 month period in the 36 months immediately preceding the commencement of severe disability.

31.5 Lump sums and non-monthly payments

Any of the amounts referred to in this section which are paid as a lump sum will be converted to an equivalent monthly amount by dividing the lump sum by 60. Any regular amounts that are paid other than monthly will be converted to equivalent monthly amounts.

31.6 Total Disability Benefit and Partial Disability Benefit reduction

From the review date following the insured persons 61st birthday, the monthly Total Disability Benefit and Partial Disability Benefit is reduced for Income Protection Assured and Income Protection Assured as Superannuation policies.

The benefit payable will be shown in your renewal summary and is based on the following calculation:

<table>

Chapter 5: Interim Accident and Sickness Cover
From the moment we receive your completed application form and personal statement you are covered by Interim Accident and Sickness Cover, and you don’t even need to pay any extra premium for this cover.

1. Definitions

The words in **bold** within chapter 5 have specific meanings for this chapter only. Please see below for the definitions of these words.

For the purposes of Interim Accident and Sickness Cover:

- **Sickness** means a sickness or disease which first becomes apparent after the earliest of the following:
  - the completed Interim Accident and Sickness Cover Certificate has been received by us;
  - the completed application form and personal statement has been received by us; or
  - the completed electronic application (including personal statement) has been submitted to us.

For the avoidance of doubt, a sickness or disease is taken to have first become apparent when:

- a doctor first gave the Insured Person advice, care or treatment or recommended that the Insured Person seek advice, care or treatment for the sickness or disease; or
- the Insured Person first had any symptom of the sickness or disease for which a reasonable person in the same circumstances would have sought advice, care or treatment from a doctor.

- **Pre-existing condition** means any injury, sickness or symptom that:
  - you or the Insured Person were aware of, or a reasonable person should have been aware of;
  - the Insured Person should have sought advice or treatment (conventional or alternative) from a doctor for (in circumstances where a reasonable person would have sought advice or treatment); or
  - the Insured Person had a medical consultation for or was prescribed medication or therapy for.

- **Injury** means a bodily injury which is sustained by the Insured Person after the later of the following:
  - the completed Interim Accident and Sickness Cover Certificate has been received by us;
  - the completed application form and personal statement has been received by us; or
  - the completed electronic application (including personal statement) has been submitted to us.

2. Commencement of Interim Accident and Sickness Cover

Interim Accident and Sickness Cover commences when a fully completed:

- electronic application (including personal statement) has been submitted to us; or
- paper application form and personal statement has been received by us.

Applying for Interim Accident and Sickness Cover prior to completing your application for BT Protection Plans

You can apply for Interim Accident and Sickness Cover prior to completing your application for BT Protection Plans if you have read, accepted, signed and retained a copy of the Statement of Advice (SOA) in which your financial adviser recommends that you take out a BT Protection Plans Policy. This provides you with cover while you are completing your application.

You must complete the Interim Accident and Sickness Cover Certificate (signed by you and your financial adviser) and send it to us to apply. In this case, Interim Accident and Sickness Cover commences on the date we receive your completed Interim Accident and Sickness Cover Certificate.

In the event that you make a claim under the Interim Accident and Sickness Cover Certificate, we will require a copy of the signed and dated SOA, in which your financial adviser has recommended BT Protection Plans.

For more information on applying for cover under the Interim Accident and Sickness Cover Certificate, please contact your financial adviser.

3. Period of Interim Accident and Sickness Cover

Interim Accident and Sickness Cover will end on the earliest of the following:

- 90 days from the date Interim Accident and Sickness Cover commences;
- in respect of each interim benefit for each Insured Person, the ‘Policy Risk Commencement Date’ shown in your policy schedule or membership certificate for the equivalent benefit confirming the commencement of your BT Protection Plans Policy, or the date you obtain alternative insurance in respect of the Insured Person;
- in respect of each interim benefit for each Insured Person, the date you withdraw your insurance application for the equivalent benefit under BT Protection Plans;
- in respect of each interim benefit for each Insured Person, the date we decline the insurance application for the equivalent benefit under BT Protection Plans; and
- the date we advise you that Interim Accident and Sickness Cover has ceased.

Interim Accident and Sickness Cover under an Interim Accident and Sickness Cover Certificate will end 10 days from the date we received the completed Interim Accident and Sickness Cover Certificate, unless we have received a completed application for BT Protection Plans. Once we have received a completed application for BT Protection Plans, the period of Interim Accident and Sickness Cover is as outlined above.
4. Interim benefits

- nominated by you in your application; or
- recommended in the SOA if a completed Interim Accident and Sickness Certificate is submitted, and

we would normally offer to cover for the Insured Person’s occupation under our normal underwriting rules at the time of application or submission of the certificate.

If the TPD definition nominated by you in your application, or recommended in the SOA, is not what we would normally offer to cover for the Insured Person’s occupation, we will apply the TPD definition that we would normally offer for the Insured Person’s occupation under our normal underwriting rules, to your Interim TPD Benefit. You can contact your financial adviser or us if you would like more information about the cover we would normally offer.

Interim Living Benefit
This benefit is available to you if:

is payable if the Insured Person has a specified medical event as a result of an accident or sickness (unless we have stated otherwise below), whilst the Interim Accident and Sickness Cover is in force and the Insured Person subsequently survives for 14 days. The Interim Living Benefit is not payable for specified medical events listed under the Advancement Benefit.

We will only pay a benefit when the Insured Person meets the full definition of the relevant specified medical event, as defined in chapter 8 ‘Medical glossary’ and chapter 9 ‘Definitions’. We will not pay an Interim Living Benefit for any specified medical event for which a 3 month exclusion applies under the Living Benefit. Please refer to chapter 2, section 13.4 for the list of the conditions under the 3 month exclusion.

Interim Income Protection and Business Overheads Benefit
This benefit is available to you if:
- you have applied for an Income Protection Assured, Income Protection Assured as Superannuation or Business Overheads Assured Policy; or
- an Income Protection Assured, Income Protection Assured as Superannuation or Business Overheads Assured Benefit has been recommended in the SOA, and the amount of the Income Protection Assured, Income Protection Assured as Superannuation or Business Overheads Assured Benefit is stated in the Interim Accident and Sickness Certificate which was submitted to us.

- $5,000 per month;
- the Total Disability Benefit or Severe Disability Benefit applied for under Income Protection Assured, Income Protection Assured as Superannuation or Business Overheads Assured if a completed application and personal statement has been submitted to us;
- the Income Protection Assured, Income Protection Assured as Superannuation or Business Overheads Assured Benefit recommended in the SOA if a completed Interim Accident and Sickness Certificate is submitted; and
the maximum monthly benefit amount you can apply for under an Income Protection Assured, Income Protection Assured as Superannuation or Business Overheads Assured, is payable should the Insured Person become totally disabled (applicable for own occupation IP) under Income Protection Assured, Income Protection Assured as Superannuation or Business Overheads Assured or severely disabled (applicable for home duties IP and general cover IP) as a result of an accident or sickness, whilst the Interim Accident and Sickness Cover is in force.

The income protection definition that applies to the Interim Accident and Sickness Benefit is the definition:

- nominated by you in your application; or
- recommended in the SOA if a completed Interim Accident and Sickness Certificate is submitted, and we would normally offer to cover for the Insured Person’s occupation under our normal underwriting rules at the time of application or submission of the certificate.

If the income protection definition nominated by you in your application, or recommended in the SOA, is not what we would normally offer to cover for the Insured Person’s occupation, we will apply the income protection definition that we would normally offer for the Insured Person’s occupation under our normal underwriting rules, to your Interim Accident Protection Benefit. You can contact your financial adviser or us if you would like more information about the cover we would normally offer.

The benefit accrues from the end of the waiting period applied for under the relevant Policy, or recommended in the SOA, if a completed Interim Accident and Sickness Certificate is submitted, and ceases to accrue at the earliest of either the date the Insured Person ceases to be totally disabled, severely disabled or 6 months from the end of the waiting period.

6. Claims

Only one Interim Accident and Sickness Benefit for an Insured Person will be paid in respect of any one accident or sickness. The cost of obtaining medical evidence that is required for the payment of an Interim Accident and Sickness Benefit claim is to be borne by you. The costs of further medical evidence may be borne by us, however this will be at our discretion.

If you are eligible to make a claim under this cover, it will not prevent your application for a BT Protection Plans Policy continuing to be assessed. However, we will take into account the change in health of the Insured Person when assessing your application and we may decline your application or apply special loadings, conditions and exclusions.

For the purposes of Policies being paid for through a Platform Super account, if the person to be insured does not yet have funds in their Platform Super account, we will pay the Interim Accident and Sickness Cover directly to the person to be insured.

1 If alternative recommendations for the waiting period have been made in the SOA, the waiting period in the primary recommendation will be used.
Chapter 6: Making a Claim and our right to investigate
Making a claim

Claims should be made as soon as practical after an insured event, so we can assess your claim as promptly as possible.

Any accident giving rise to a potential claim relating to occupationally acquired HIV must be supported by a negative HIV Antibody test taken after the accident. There are also screening time frames for an accident relating to occupationally acquired Hepatitis B or C which are outlined in the ‘Hepatitis B or C – occupationally acquired’ definition in chapter 8.

If you wish to make a claim, please contact our Customer Relations Consultants on – 1300 553 764, 8.00am to 6.30pm (Sydney time), Monday to Friday.

Our consultants will arrange for you to receive any information or forms you need.

Claim requirements

We will need all the evidence we reasonably regard as necessary to be able to pay the claim. You are responsible for providing all evidence to support your claim at your expense.

To make a claim under the policy we generally must receive:

- our fully completed claim form
- proof of your age, if not already provided
- proof of probate and a death certificate for death claims
- any other evidence we require to establish the validity of the claim, such as medical and/or financial evidence. This may require evidence or reports from treating doctors, and certified translations into English if overseas, provided at your expense. We may also require the Insured Person to undergo medical examinations or tests by a doctor of our choosing. We will pay the reasonable costs of these. Financial evidence may include proof of pre-disability and post-disability monthly earnings, as well as income tax returns, accountants’ statements or other proof acceptable to us.

Our rights to investigate

At any time, if we have reasonable grounds to suspect that you did not answer our questions honestly, accurately, and completely to the best of your knowledge when you applied, extended, made changes to existing insurance or reinstated insurance, we may require authority from you or the Insured Person to investigate the information given to us. The evidence required will depend on the circumstances and may include health information, such as access to medical records, Medicare and the Pharmaceutical Benefits Scheme, financial information, or any other proof necessary to establish whether or not you took reasonable care not to make a misrepresentation. If you or the Insured Person do not provide the authority, your entitlement to the benefit may not be established. We will tell you if this applies to you and give you or the Insured Person reasonable opportunity to provide the authority.

If you or the Insured Person does not provide the authority, your entitlement to the benefit may not be established. We will tell you if this applies to you and give you or the Insured Person reasonable opportunity to provide the authority.

Please note that we rely on the information that you provide during an application, claim and through any investigation to assess a potential failure to take reasonable care not to make a misrepresentation to us.

If either you or any Insured Person has acted fraudulently, we may cancel the Policy or any of its benefits and not pay any benefits.

Uses of personal information

We may request certain information from the Insured Person during the assessment of a claim, or any time we make an investigation. If this information is not provided, we may not be able to accept or continue the claim.

In addition, if you make a claim under the Policy, or we have initiated an investigation, you agree that we can collect further personal information about the Insured Person. This includes health information which, for the purposes of assessing the claim or investigation, may be necessary to disclose to third parties, such as medical practitioners. You and the Insured Person agree that the necessary collections and disclosures of personal information will be a condition of making a claim.
Payment of claims
For Income Protection Assured, Income Protection, Income Protection Assured as Superannuation, Income Protection as Superannuation, Income Protection Plus, Income Linking Plus, Business Overheads Assured, Business Overheads or Key Person Income Policies, we will start payment of any benefit (including any amounts that have accrued), after we have accepted liability to pay the claim. We will pay benefits to you monthly in arrears. All payments are made in Australian currency. Should we accept liability to pay a claim, this is not a representation by us that we will continue to accept liability for so long as the Insured Person is not working or working in a reduced capacity. We may cease payment of the benefit at any time where we are of the opinion that the Insured Person is not totally disabled, partially disabled or severely disabled as required by this Policy.

Nominating a beneficiary

Policies held outside superannuation
You are able to nominate up to five beneficiaries to receive a Death Benefit under a Term Life Policy, subject to the following rules:
- a nominated beneficiary can be a natural person, corporation or trust;
- if a nominated beneficiary dies or the corporation or trust ceases to exist before a claim is made under the Policy and no change in nomination has been made, then any money otherwise payable to that beneficiary will be paid to you or your estate;
- if ownership of the Policy is assigned or transferred to another person or entity, then any previous nomination becomes invalid; and
- you can change your nomination at any time before the Death Benefit becomes payable by sending us written notice of the change.

We are obliged to comply with any nomination made so please review your nomination regularly, especially if there has been a change in your circumstances.

If there is no nomination of beneficiaries and the Insured Person dies, the Death Benefit is paid equally between the surviving Policy Owners. If there are no surviving Policy Owners, and the Policy has not ended, the benefit will be paid to the estate of the last surviving Policy Owner.

Policies paid for and held inside superannuation
There are specific rules about people that can be nominated as beneficiaries within Policies paid for and held inside superannuation.

For more information on beneficiary nominations for Term Life as Superannuation, see chapter 7, section 8.

For Policies paid through an SMSF or Platform Super account, the benefit will be paid to the corresponding SMSF or Platform Super trustees.
Chapter 7: Other important information
1. Cooling off period

When you receive your insurance documents, please read them carefully.

If you are not completely satisfied you may cancel your insurance. You have until the latest of:
- 30 days from the commencement date; and
- 25 days after you receive your insurance documents.

If you would like to cancel your insurance within this cooling off period, please contact us.

When we receive your advice to cancel under the cooling off provisions, we will cancel the insurance from the commencement date and refund any payments you have made (less any tax that may apply to your premium). You cannot exercise your rights under the cooling off period if you have already made a claim under the Policy.

Policies held through Retirement Wrap

In addition to the information above, for Policies held through Retirement Wrap if your payment includes amounts which superannuation laws do not permit you to take as cash, you will need to transfer these amounts to another superannuation or rollover fund. You must advise us, within one month, of the name and details of the superannuation or rollover fund that you want your monies to be transferred to. If we do not receive these details within one month after you tell us you want to cancel your insurance you will lose your right to cancel the insurance during the cooling off period.

2. Premiums and charges

For each Policy that you have, the premium and any other charges are the cost of your insurance cover. We calculate your premium when your insurance begins and at each review date. We will notify you of your premium in writing before each review date. We also recalculate your premium if you request any changes to your insurance (e.g., an increase in a benefit).

The premium depends on a number of variables, including, but not limited to, the premium option chosen, the type of insurance you have, any optional benefits, the amount of insurance you have for each benefit, the age, gender, smoking status, health, occupation and pursuits of each Insured Person, the frequency at which you choose to pay your premium and any loading specified in your policy schedule or membership certificate.

Calculating your premium

To calculate your premium, we add together the premium for each benefit for each Insured Person covered in a Policy and then add the policy fee. For each Income Protection Assured or Income Protection Assured as Superannuation Policy, the minimum premium is $23 if paying monthly, $69 if paying quarterly, $138 if paying half-yearly, or $250 if paying annually, for each Insured Person plus the policy fee and stamp duty.

For all other Policies the minimum premium is $14 if paying monthly, $42 if paying quarterly, $84 if paying half-yearly, or $150 if paying annually, for each Insured Person plus the policy fee and stamp duty.

You can pay premiums monthly, quarterly, half-yearly or annually. Where premiums are not paid annually, half-yearly or quarterly, the premium will be increased by 9%.

If you add an Insured Person to your Policy or increase an existing benefit for an Insured Person between review dates and you are paying annually, half-yearly or quarterly, the additional premium that you have to pay for that Insured Person will be the additional premium, multiplied by the number of months from the date this benefit or increase started to the next payment date, divided by the number of months in the payment period.

Example (for illustrative purposes only)

You add an Insured Person to your Policy three months before the next review date. The additional annual premium is $400. The additional premium you have to pay following that change is:

$$400 \times \frac{3}{12} = $100.00$$

If you add an Insured Person to your Policy or increase an existing benefit for an Insured Person between review dates and you are paying monthly, your monthly premiums will increase from the next monthly premium that is payable after the benefit or increase started.

Paying your premium

You can choose the payment method that suits you. You can pay monthly, quarterly, half-yearly or yearly in advance by MasterCard, Visa, automatic debit from your bank account, or by any other method that we may make available. If you choose to pay by automatic debit from your bank account, then please take note of the conditions set out in the ‘Direct Debit Request Service Agreement’ in chapter 7, section 4. If you are paying yearly in advance, you may also pay by cheque.

You can also choose to pay via your Platform Investment or Platform Super cash account. For more information regarding Platform Investment or Platform Super, please refer to chapter 7, section 9 or your relevant Platform Investment or Platform Super offer document.

For Term Life as Superannuation, Income Protection Assured as Superannuation and Income Protection as Superannuation Policies, we will accept partial rollovers as a payment method for premiums paid yearly in advance. A partial rollover is a partial transfer of superannuation, from one complying superannuation fund to another.

Partial rollovers will be accepted only if the rollover amount exactly matches the amount required for the Policy.

When you fund a Term Life as Superannuation, Income Protection Assured as Superannuation or Income Protection as Superannuation annual premium by partial rollover from a taxed complying superannuation fund, the superannuation fund applies a 15% tax rebate benefit to reduce your premium. This means you will only need to rollover 85% of your total annual premium. The benefit applies to policies held in Retirement Wrap where the annual premium for the policy is paid via rollover.
Before requesting a partial rollover, please check with the superannuation fund provider:

- that the balance of the superannuation account is sufficient to pay for the premiums, as well as to continue to meet any minimum balance requirements of the superannuation account;
- if they will accept our rollover authority form, as a superannuation fund provider may have additional requirements, such as proof of identification, or require the member to complete their own form;
- about any exit or withdrawal fees which may apply to the partial rollover; and
- if they will allow more than one partial rollover per year, in the case that premiums are paid with a partial rollover for more than one policy. Some superannuation funds have restrictions, such as only allowing one partial rollover each year.

What if you don’t pay?

If your premiums or other amounts are overdue, you will be notified in writing. The time to pay this amount will be specified in the notice provided to you. If we don’t receive your payment within that time, we may cancel your Policy. You may apply to reinstate your cover within a certain period of time, but reinstatement of cover is at our discretion and cannot be guaranteed. Any application for the reinstatement of cover may be subject to underwriting. We may accept your application, vary your benefits, charge additional premium or not let you reinstate the cover. The terms of any such cover will be provided prior to reinstatement, and may differ from the terms of your current cover.

Policy fee

A policy fee may apply for each standalone Policy, including Term Life, Term Life as Superannuation, Standalone TPD, Standalone Living Insurance, Income Protection Assured, Income Protection, Income Protection Assured as Superannuation, Income Protection as Superannuation, Income Protection Plus, Business Overheads Assured, Business Overheads and Key Person Income. No additional policy fee is payable where a benefit (for example, a TPD and/or a Living Benefit) is added as an additional benefit to a Term Life or Term Life as Superannuation Policy.

At 1 October 2021, the policy fee is $97.80 per year, $53.28 per half-year, $26.64 per quarter, or $8.88 per month. The policy fee increases each year according to the CPI, and is updated on 1 October.

Stamp duty

Stamp duty, licence fees or similar charges that are payable in respect of your Policy must be paid in addition to your premium and the policy fee (where applicable). The rate of stamp duty, and the basis on which it is payable, varies for each state of Australia and can be changed without notice. We will recalculate the amount of stamp duty payable whenever your premium is recalculated. It will also vary if the rate of stamp duty, or the basis of calculating or charging stamp duty, on the Policy is altered.

Adviser Remuneration

We may pay commission, administration fees and other benefits to financial advisers and dealer groups. We pay these amounts out of the premium we receive from you, they are not an additional charge to you.

In addition to any payment for selling your Policy, we may make payments to financial services dealer groups based on commercial arrangements.

Your financial adviser will provide details of the benefits they will receive if we issue you with insurance in the Financial Services Guide and/or Statement of Advice that they will give to you.

The Insurer maintains an Alternative Forms of Remuneration Register (Register) in accordance with the Financial Services Council (FSC) and Financial Planning Association Industry Code of Practice on Alternative Forms of Remuneration in the Wealth Management Industry. The Register outlines the alternative forms of remuneration which are paid and received from givers and receivers of such remuneration. If you would like to view the Register, please contact us on 1300 553 764.

4. Direct Debit Request Service Agreement

This section does not apply to a Policy held through a Platform Investment or Platform Super account.

This agreement sets out the terms on which you have authorised the Insurer (Debit User ID No. 002631) under your Direct Debit Request to arrange for amounts that become payable in respect of your BT Protection Plans Policy, to be made by deduction from your account at your financial institution (nominated account) using the direct debits payments system (also known as the Bulk Electronic Clearing System). The direct debits will be made at the rate and frequency specified in the most recent policy schedule, membership certificate or renewal summary or the latest notice that we have provided to you (whichever is later).

- We agree to be bound by this agreement when we receive your Direct Debit Request complete with the particulars we need to draw down an amount under it. Please ensure that you keep a copy of this agreement as it sets out certain rights you have against us and certain obligations you have to us in giving us your Direct Debit Request.
- You will need to:
  - complete a new Direct Debit Request for any other product you purchase from us, or if you move from one of our products to another; and
  - ask us to discontinue any Direct Debit Request that is in force if you cancel a product (debts may continue to be made to your nominated account until you do so).
- Your Direct Debit Request authorises us to arrange for payment to us for the amounts, and at the times, required by the terms of your Policy and your instructions to us in relation to it. It also enables any changes in those amounts, and payment times, to occur automatically – you will not need to complete a new form.
You can:
- cancel, vary, defer or suspend the Direct Debit Request; or
- stop or suspend an individual debit from taking place under it,

by calling us on 1300 553 764, 8.00am to 6.30pm Sydney time, Monday to Friday (in some cases, we will need your written confirmation). You need to allow us 6 working days before the next drawing date to process your request, or the debit may still be made. (You may also be able to stop an individual debit by contacting your own financial institution. You may be liable for financial institution charges if you do this – your financial institution should have information on these).

If a due date for a debit falls on a weekend or public holiday, the debit will be processed on the next business day. Please check with your financial institution if you are uncertain about when a debit will be processed to your nominated account.

You must ensure that you have sufficient cleared funds available in the nominated account by the due date to permit the payments under the Direct Debit Request. Please check with us if you are uncertain about when debits will be processed to your nominated account.

If a drawing is unsuccessful, we will not draw again until the next scheduled drawing date. If your drawing is to pay for insurance benefits, we will re-draw the missed payment as well as the current payment. Drawings will be suspended after two unsuccessful attempts. Your financial institution may charge you fees and interest for unsuccessful debits.

You may pay us otherwise than by direct debit if the direct debit fails as follows:
- online by visiting www.btlifepayments.com.au to pay by credit card or debit card.*
- by telephone on 1300 553 764 to arrange a payment by credit or debit card.*

You should check your account: prior to the direct debit being applied to see if there are sufficient funds and after the direct debit is made to see that it has been correctly applied.

Please contact our Customer Relations Consultants on 1300 553 764 if you have any questions about your Direct Debit Request, such as concerns about a debit that we make under it. We investigate and deal with in good faith any dispute relating to an alleged incorrect or wrongful debit within 3 business days of receiving such a query, claim or complaint. This may include us and our bank reviewing our respective records. If necessary we will contact your financial institution to review its records. We will advise you as soon as practicable (generally within 5-10 days) depending on the nature and extent of the dispute, and the measures taken to resolve it. You may also dispute an amount we draw under your Direct Debit Request by contacting your financial institution.

We can vary this Service Agreement at any time after giving you at least 14 days notice of the changes.

We will keep information about your financial institution account details and records confidential, except:
- to the extent necessary to resolve any claim you might make relating to a debit which you claim has been made incorrectly or is a wrongful debit (which includes the provision or disclosure of such information to Westpac Banking Corporation ABN 33 007 457 141, the sponsor of our use of the direct debits payment system);
- if you consent to disclosure of such information; or
- we are required to disclose such information by law.

Direct debiting through the direct debit payments system is not available on all accounts provided by financial institutions. Please ensure that your financial institution allows direct debits on your nominated account before completing your Direct Debit Request. Also, before you complete your Direct Debit Request, it is your responsibility to check your nominated account details against a recent statement from your financial institution to ensure the details on your Direct Debit Request are completed correctly.

- you have nominated them as your beneficiary;
- we and other members of the Westpac Group hold their personal information;
- we and other members of the Westpac Group will use their personal information in determining to whom and in what proportion your benefits will be paid upon your death and, to the extent that such information is not provided, we may not be able to pay your death benefits according to your wishes;

By submitting an application for cover, you agree that:
- transactions may be delayed, blocked or refused where we have reasonable grounds to believe that they breach Australian law or the law of any other country; and

Where legally obliged to do so, we may disclose the information gathered to regulatory and/or law enforcement agencies.

Taxation treatment of your Policy (except Policies held inside superannuation)

8. Understanding Retirement Wrap

Retirement Wrap
Retirement Wrap is a regulated superannuation fund under the Superannuation Industry (Supervision) Act 1993 and is a Registrable Super Entity (RSE) under that Act.

The Insurer is responsible for day-to-day management including the recording of contributions, administration and payment of benefits on behalf of BTFM.

The operation of Retirement Wrap is governed by the Trust Deed. You can request a free copy of the Trust Deed by writing to us or calling 1300 553 764.

BTFM is indemnified for liability it incurs in respect of the insurance, unless the liability arises from fraud, a negligent act, default, omission, breach of duty or breach of trust, or such other act or omission specified by superannuation legislation.

Tax File Numbers (TFNs) and contributions
While you are not required by law to supply BTFM with your TFN, you will be ineligible to apply for Term Life as Superannuation, Income Protection Assured as Superannuation and Income Protection as Superannuation if you have not provided us with your TFN.

Due to Government legislation, BTFM is unable to accept non-concessional contributions (generally after-tax contributions made by you, or on your behalf, other than employer contributions) from you if you have not provided your TFN. BTFM has further determined that Retirement Wrap will not accept any contributions made by you or on your behalf unless your TFN has been provided. Please read the Tax File Number Notification in the application form for further details relating to the quoting of your TFN.

1 Individuals are able to claim a tax deduction on personal contributions to super, regardless of the proportion of income they derive from employment (assuming all other criteria are satisfied). |
| Your spouse          | Your spouse may make contributions to your superannuation, as long as the contribution is paid from an account in the name of the contributing spouse or a joint account where the contributing spouse is an account holder. |

The following contributions cannot be accepted:

<tbody>
<tr>
<td>Government</td>
<td>Subject to eligibility criteria, each year the Government can contribute an amount into your superannuation fund for personal before or after tax contributions you make, depending on your level of income. Personal contributions made to Term Life as Superannuation, Income Protection Assured as Superannuation and Income Protection as Superannuation may mean that you qualify for Government co-contributions or Low Income Super Tax Offsets, but Retirement Wrap is unable to accept these co-contributions or Low Income Super Tax Offsets. You must nominate another superannuation account to accept your co-contribution.</td>
</tr>
</tbody>
</table>
Contributions caps

The Government has set caps on the amount of contributions which can be made each year on a concessional basis. Additional tax may apply to contributions in excess of the relevant cap.

These caps depend on whether the contributions are classified as concessional or non-concessional contributions, or are being made as a result of the sale of a qualifying small business. The caps apply to contributions you make to any superannuation fund, including Retirement Wrap, as they apply on a per person basis. The table below outlines the types of contributions that may count towards your contributions caps.

<table>
<thead>
<tr>
<th>Contributions cap</th>

<tr>

<td>This includes the following types of contributions:</td>
<td>For the financial year (2021/22), the cap is $27,500 per member. This cap is indexed in line with average weekly ordinary time earnings (AWOTE), in increments of $2,500 (rounded down).&lt;sup&gt;2&lt;/sup&gt; Concessional contributions in excess of the relevant cap will be subject to additional tax (refer to ‘Taxation treatment of Term Life as Superannuation, Income Protection Assured as Superannuation and Income Protection as Superannuation’).</td>
</tr>
<tr>
<td><strong>Non-concessional contributions cap</strong></td>
<td>This includes the following types of contributions:</td>
<td>The cap is $110,000 per member for the 2021/22 financial year.&lt;sup&gt;3&lt;/sup&gt; This cap will not be separately indexed, but is fixed at four times the general concessional cap (2021/22). Persons under age 67 can ‘bring forward’ future entitlements to two years’ worth of non-concessional contribution limits. If so, they may be able to make non-concessional contributions of up to three times the annual non-concessional contribution limit in a single year. Non-concessional contributions in excess of the relevant cap may be subject to tax (refer to ‘Taxation treatment of Term Life as Superannuation, Income Protection Assured as Superannuation and Income Protection as Superannuation’).</td>
</tr>
<tr>
<td><strong>CGT cap</strong></td>
<td>Contributions made from certain amounts arising from the disposal of qualifying small business assets, provided that a tax deduction is not claimed for the contribution&lt;sup&gt;1&lt;/sup&gt;</td>
<td>A lifetime cap of $1.615 million for the 2021/22 financial year (indexed) is available.</td>
</tr>
</tbody>
</table>

<sup>1</sup> These contribution types are not able to be made to Term Life as Superannuation, Income Protection Assured as Superannuation and Income Protection as Superannuation. They are included to show you the main types of contributions that may count towards your contributions caps.

<sup>2</sup> From 1 July 2018, individuals with a total super balance of less than $500,000 at the end of 30 June of the previous financial year, will be able to carry forward unused portions of the previous five year’s concessional contributions caps.

<sup>3</sup> An individual will only be eligible for a non-concessional contribution cap if their total superannuation balance is less than the general transfer balance cap ($1.7 million (2021/22)), on 30 June in the previous financial year.

There are no caps on amounts contributed:

- from certain payments for personal injury, provided that no deduction is claimed for the contribution and the contribution is made within certain time limits;
- of up to $300,000 made as downsizer contributions from the proceeds of selling your home; or
- as a re-contribution of COVID-19 early release amounts, provided that no deduction is claimed for the contribution and the contribution is less than the total amount accessed under the COVID-19 early release scheme.

Personal injury and downsizer contributions, and re-contributed COVID-19 early release amounts, cannot be made into Retirement Wrap.

Please note that it is your responsibility to ensure contributions to superannuation are within your concessional and non-concessional contributions caps. BTFM cannot monitor your overall position.

**Taxation treatment of Term Life as Superannuation, Income Protection Assured as Superannuation and Income Protection as Superannuation**

**a. Tax concessions on contributions**

The information in this section gives a general overview of the taxation of super. As tax is complex, we always recommend you seek professional advice about how the rules might impact you or your beneficiaries.

The information and rates in this section can change from time-to-time. Please refer to the ATO website at ato.gov.au or your tax or financial adviser for the latest update.

Superannuation can be subject to tax on contributions, earning and withdrawals.
b. Tax payable on contributions
Contributions are generally subject to two types of taxation.

Contributions tax
Some, but not all, contributions are taxed, generally at a rate of 15%.

Contributions tax is deducted from:
- employer contributions, including SG, Award, salary sacrifice and voluntary employer contributions; and
- personal contributions for which you claim a tax deduction.

Contributions tax is not deducted from:
- personal contributions for which you do not claim a tax deduction; and
- spouse contributions.

High income earners 15% additional tax
If you are classified as a high income earner, you may need to pay an additional 15% tax on some or all of your contributions. Currently you are considered to be a high income earner if your ‘income’ is $250,000 or greater in a financial year (from 2017/18 onwards). The definition of ‘income’ for the purposes of this measure includes contributions which have had contributions tax applied to them, unless those contributions are excess concessional contributions. If you are liable for this tax the ATO will notify you after the end of the financial year. Further information on this tax is available on the ATO website at ato.gov.au.

Excess contributions tax – Additional tax on contributions that exceed a contributions cap
If you exceed the contribution caps, additional tax applies to the excess amount:
- Your total excess concessional contributions are taxed at your marginal tax rate, with an excess concessional contribution charge applying. This tax treatment applies regardless of whether excess concessional contributions are refunded or not. Refunded excess concessional contributions will not count towards the non-concessional cap, whereas excess concessional contributions retained in superannuation will.
- Excess non-concessional contributions that are not refunded are taxed at the top marginal tax rate. If excess non-concessional contributions are refunded, an associated earnings rate will apply on the excess contribution, and these earnings will be included in your assessable income.

Term Life as Superannuation, Income Protection Assured as Superannuation and Income Protection as Superannuation will not be able to release amounts in relation to excess concessional or non-concessional contributions, to pay your tax liability as no account balance is maintained for you. For further information on the refund of excess concessional contributions refer to ato.gov.au.

c. Claiming tax deductions for your personal contributions
You must meet a number of conditions to be eligible to claim a tax deduction for your personal contributions to super. Your eligibility can be affected by your age and the level of any salary sacrifice and certain other employer contributions made for you.

You must notify us in an ATO approved format and within certain time frames (explained below) if you wish to claim a tax deduction for some or all of your personal contributions to Retirement Wrap.

If you have made personal contributions to Retirement Wrap we will remind you to complete a Personal Tax Deduction Notice if applicable to you.

Before you can claim a deduction in your tax return we need to accept your notice (if we’re able to under tax law) and you need to receive an acknowledgement of your notice from us.

It’s important to send us a Personal Tax Deduction Notice BEFORE the earlier of when:
- you lodge your tax return for the financial year in which the relevant contribution was made;
- 30 June of the financial year following the financial year in which the contribution was made (eg by 30 June 2023 for contributions made in the 2021/22 financial year);
- the date BTFM ceases to hold the contributions covered in the notice; and
- the date you cease to be a member of Retirement Wrap (generally the date your cover ceases).

You may vary an earlier notice in certain circumstances but only to reduce the amount you intend to claim as a tax deduction (including to nil). To vary an earlier notice, you will need to complete a new Personal Tax Deduction Notice and it’s important to note that a variation must generally be lodged within the same time frame as a deduction notice itself. We are unable to accept a variation to an earlier notice after any of the above events has occurred.

We suggest you obtain professional tax advice if you’re considering claiming a deduction for your personal contributions.

d. Tax on superannuation lump sums
Taking a cash lump sum benefit
Any tax BTFM is required to deduct will depend on your age and the tax components within your benefit, as shown in the table below:

<table>
<thead>
<tr>
<th>Age</th>
<th>Tax treatment of taxable component (2021/22)</th>
<th>Tax treatment of tax-free component (2021/22)</th>

<td>Above $225,000¹: 15% + Medicare levy</td>
<td>Nil</td>
</tr>

</tr>
</tbody>
</table>

¹ This is the low rate cap for 2021/22 and will be indexed to AWOTE rounded down to the nearest $5,000 in subsequent years.
Preservation age is between age 55 and 60, depending on the member’s date of birth. Your preservation age can be determined using the following table:

If you are under age 60 and the trustee does not hold your Tax File Number (TFN), it is required to deduct tax on the taxable component of a lump sum payment at the highest marginal tax rate plus the Medicare levy.

**Taking a cash lump sum as a result of suffering from a terminal medical condition**

Members who are suffering from a terminal medical condition will be able to receive a lump sum superannuation benefit that is exempt from tax. For Retirement Wrap, this would arise as a result of receiving a Terminal Illness Benefit. Refer to section 10 for the definition of terminal medical condition.

Term Life as Superannuation does not pay TPD or Terminal Illness Benefits Payments as income streams. You may apply to have a TPD Benefit Payment rolled over to another complying super fund for the purpose of paying an income stream. The tax treatment of a TPD Benefit Payment that is paid as an income stream is different to that outlined below. You should consult your financial adviser for advice.

**e. Tax on superannuation death benefits**

Death benefits paid as a lump sum to your dependants (for tax purposes) are tax-free. A dependant for tax purposes includes your spouse or former spouse, your children under 18, a person who was wholly or substantially financially dependent on you at the time of your death and a person with whom you were in an interdependency relationship at the time of your death.

Death benefits paid as a lump sum to a non-dependant for tax purposes will be taxed in the following manner:

<table>
<thead>
<tr>
<th>Tax free component</th>
<th>Tax free</th>
</tr>
</thead>
<tbody>
<tr>
<td>Taxable component (taxed element)</td>
<td>Taxed at 15% plus the Medicare levy</td>
</tr>
<tr>
<td>Taxable component (untaxed element)</td>
<td>Taxed at 30% plus the Medicare levy</td>
</tr>
</tbody>
</table>

An untaxed element will generally arise where the lump sum death benefit contains insurance proceeds. The amount of the untaxed element is calculated using a statutory formula. Tax on the untaxed element will only be payable, however, where the lump sum death benefit is paid to a non-dependant for tax purposes.

Death benefits paid as a lump sum to your estate are taxed within the estate depending on whether the beneficiaries are your dependants or non-dependants for tax purposes. The Medicare Levy is not payable by the estate.

**f. Tax on superannuation income benefits**

Income paid to you from Income Protection Assured as Superannuation and Income Protection as Superannuation is generally assessable income for tax purposes. BTFM is required to withhold PAYG tax from income payments it makes to you. The amount of tax withheld will depend on the size of the income payments.

**Beneficiary nomination guidelines for Term Life as Superannuation**

**Payment in the event of your death**

You can nominate one or more persons to receive the whole or a part of your benefit in the event of your death. If you do so, the nominated person will be paid the relevant share of your benefit on your death if at that time:

- the nominated person is a dependant or your legal personal representative (normally the executor of your will);
- you have not revoked the nomination; and
- your nomination is not invalid for any reason (see below).

For this purpose a dependant includes:

- your spouse;
- any of your children (including adopted, step and adult children);
- any person with whom you are in an interdependency relationship at the time of your death; and
- any other person who is financially dependent on you at the time of your death.

If you do not make a nomination, or the nomination you make is defective, your benefit will be paid to your legal personal representative or, failing that, to one or more of your dependants as BTFM determines. It is a non-binding nomination.

**It is important to review your nomination regularly**

You should review your nomination regularly to ensure that it continues to reflect your wishes. You can change your nomination at any time by completing the Nomination of Beneficiaries Form, obtainable by telephoning our Customer Relations Consultants on 1300 553 764. You can also revoke your nomination at any time without making a new one by writing to us.

Normally, after being notified of your death, BTFM will consider whether to approve the last nomination received from you. Once BTFM approves it, your nomination becomes valid and binding. But BTFM will not approve a nomination if it has reason to believe that the nomination was invalid when you made it, or became invalid afterwards.

**Invalid nomination**

Your nomination will be invalid when you make it if:

- it is unclear to BTFM (eg because it is illegible or because the nominated proportions do not total 100%);
- BTFM has actual knowledge that, when you made the nomination, you did not understand the consequences of making it; or
- you do not sign or date the form or the signature has not been witnessed properly.
Your nomination may also become invalid after you make it if certain events occur, including marriage, divorce, and commencing or ceasing co-habitation with a person of either sex. At the date of your death, your nomination may have become invalid if a nominated person either:

- has died; or
- is no longer your dependant.

You should contact us to revise your nomination if any of these events occur.

What if I don’t make a nomination?
If you do not nominate any beneficiaries then your benefit will normally be payable to your estate.

Professional estate and financial planning advice
Ordinarily, a valid nomination will be approved by BTFM and so become binding. You should therefore take professional estate and financial planning advice before making one.

Family law – treatment of superannuation on divorce
Family Law Act 1975 (FLA)
Provisions of the FLA deal with the treatment of superannuation on relationship or marriage breakdown with a spouse. The FLA provides that a member’s superannuation benefit may be split with the member’s spouse or former spouse on marriage or relationship breakdown. Alternatively a payment flag may be imposed on your benefit in the Retirement Wrap.

In order for BTFM, to commence any payment split or impose a payment flag on your account, BTFM must have been served with either:

- a superannuation agreement, made between you and your spouse or former spouse, and in accordance with the requirements of the FLA; or
- an order of the Family Court of Australia, that specifies how your benefit is to be split with your spouse or former spouse or that a payment flag must be applied to your account.

The FLA also specifies that BTFM must be provided with certain evidence of marriage or relationship breakdown if you serve a superannuation agreement on BTFM. You and/or your spouse or former spouse may arrange for the required documents to be served on BTFM. Documents can only be served on BTFM for the purposes of the FLA at the following address:

Family Law and Superannuation Officer
Legal Department
BT Funds Management Limited
Westpac Place, 275 Kent St
SYDNEY NSW 2000

All documents served on BTFM should be either an original or a certified copy.

If BTFM is required to effect a payment split on your benefit, the value of your account will reduce by the amount that is paid to, or for the benefit of, your spouse or former spouse.

Information about your superannuation benefit
Where an eligible person under the FLA wishes to negotiate a superannuation agreement with you (which may be before or during a relationship, or after relationship breakdown) or facilitate the preparation of an order of the Family Court, they may apply to BTFM to receive information about your benefit. Where the application is made in accordance with the requirements of the FLA, BTFM will be obliged to provide the requested information and will not be permitted to inform you about the application.

Fees and expenses may apply
If your accrued benefit and/or account with Retirement Wrap becomes affected by the FLA and BTFM is required to take certain action, you will be notified of any fees that may be charged by BTFM for undertaking such action.

Professional advice
The FLA involves many complex requirements in relation to splitting a superannuation benefit. It is recommended that, if you believe your benefit will be affected by the FLA, you should consult your legal adviser, financial adviser and/or accountant. Should you have any questions in relation to the above, please do not hesitate to call our Customer Relations Consultants on 1300 553 764, 8.00am to 6.30pm (Sydney time), Monday to Friday.

9. Understanding Platform Investment and Platform Super

Your Platform Investment or Platform Super cash account
You and your financial adviser, or the nominated Platform Investment account holder and their financial adviser, are responsible for ensuring that sufficient cleared funds are available in the Platform Investment or Platform Super cash account to cover the insurance premiums and other charges (collectively called premiums in this section), while maintaining the Platform Investment or Platform Super cash account balance above the minimum required level.

There may be a facility available within the relevant Platform Investment or Platform Super account where investments are sold to generate sufficient cash to fund certain payments (including, for example, insurance premiums). This may be referred to as a “drawdown strategy”. For information in relation to a drawdown strategy which may be used if there are insufficient cleared funds in the relevant Platform Investment or Platform Super cash account to fund insurance premiums as they fall due, refer to your Platform Investment or Platform Super offer document.

Please note if the total value of the Platform Investment or Platform Super account is insufficient to cover your premiums, your cover may be cancelled.

Fees and Charges for Platform Investment and Platform Super

For Policies paid through a Platform Investment or Platform Super account, the administrator may receive payments from the Insurer. These payments are made by the Insurer at no additional cost to you.

Platform Super
When you apply for a Policy, and elect to pay your premiums via your Platform Super account, you must already be a member, or applying to be a member, of the relevant Platform Super superannuation fund.

All benefits that become payable for Policies paid from a Platform Super account are paid to the trustee of the relevant Platform Super superannuation fund. The trustee will then determine who to pay the benefits to. For more
information regarding membership of Platform Super and the release of benefits under Policies paid via a Platform Super account, refer to the Platform Super offer document.

**Taxation treatment of Policies paid via a Platform Super account**

Information on the following can be found in the Platform Super offer document:
- tax on contributions;
- tax on earnings; and
- tax on your benefits.

Payments you receive under income protection cover are normal assessable income. The trustee of the relevant Platform Super superannuation fund will make these payments to you (if applicable) and will deduct the relevant PAYG tax.

10. Conditions applying to payment of benefits under superannuation law

Superannuation law applies to all benefits paid under a superannuation Policy, and may restrict payment. This means the trustee of a superannuation fund can only provide insurance benefits to a member if the benefit for the insured event is consistent with a condition of release for superannuation law purposes.

Benefits from Policies must be releasable from superannuation under one of the following conditions of release:
- temporary incapacity;
- permanent incapacity;
- terminal medical condition; or
- death.

**Temporary incapacity**

Under superannuation law, temporary incapacity, in relation to a member who has ceased to be gainfully employed (including a member who has ceased temporarily to receive any gain or reward under a continuing arrangement for the member to be gainfully employed), means ill-health (whether physical or mental) that caused the member to cease to be gainfully employed but does not constitute permanent incapacity. Therefore, if the member has ceased gainful employment prior to the sickness or injury that gave rise to the claim, benefits will not be payable from a superannuation policy under the temporary incapacity condition of release, but may be payable under an alternative condition of release, subject to trustee consent.

If the temporary incapacity condition of release is met, benefits from an Income Protection Assured or Income Protection Policy held inside superannuation, including an Income Protection Assured as Superannuation or Income Protection as Superannuation Policy, may only be paid as a non-commutable income stream for the duration of the temporary incapacity.

Benefits from an Income Protection Assured or Income Protection Policy held inside superannuation, including an Income Protection Assured as Superannuation or Income Protection as Superannuation Policy, together with all earned income and replacement of earned income, cannot exceed income prior to temporary incapacity.

**Permanent incapacity**

A member is deemed to be suffering from permanent incapacity if the trustee is reasonably satisfied that the member’s ill-health (whether physical or mental) makes it unlikely that the member will engage in gainful employment for which the member is reasonably qualified by education, training or experience.

**Terminal medical condition**

A terminal medical condition exists at a particular time if two medical practitioners certify that the member is suffering from a sickness, or has incurred an injury, that is likely to result in death no more than 24 months from the date of the certification (the certification period). At least one of the medical practitioners must be a specialist in the area of the sickness or injury.

11. Pre-existing conditions

Please be aware of the following which might limit your cover or reduce your benefit amount:
- Where we refer to ‘injury’ (other than for Interim Accident and Sickness Cover), you are only covered for a bodily injury which is sustained by the Insured Person after the later of:
  - the commencement date;
  - for an increase in the sum insured for any benefit, the date we increase the benefit (other than a CPI or Loyalty Benefit increase); and
  - the date your Policy was last reinstated, but before your Policy ends.

A bodily injury which was sustained prior to the commencement date or last reinstatement of your Policy, that you or the Insured Person fully disclosed to us and we agreed to cover is considered an injury for the purposes of this definition.

- Where we refer to ‘sickness’ (other than for Interim Accident and Sickness Cover), you are only covered for a sickness or disease which first becomes apparent after the later of:
  - the commencement date;
  - for an increase in the sum insured for any benefit, the date we increase the benefit (other than a CPI or Loyalty Benefit increase); and
  - the date your Policy was last reinstated, but before your Policy ends.

For the avoidance of doubt, a sickness or disease is taken to have first become apparent when:
- a doctor first gave the Insured Person advice, care or treatment or recommended that the Insured Person seek advice, care or treatment for the sickness or disease; or
- the Insured Person first had any symptom of the sickness or disease for which a reasonable person in the same circumstances would have sought advice, care or treatment from a doctor.

A sickness or disease which first became apparent before the commencement date, increase in sum insured but only in respect of that increase, or last reinstatement of the Policy that you or the Insured Person fully disclosed to us and we agreed to cover is considered a sickness for the purposes of this definition.
Chapter 8: Medical glossary
